

SOUTHERN YORKE PENINSULA
WATER TOWER MURAL TRAIL
SHORTLISTED STAGE

PROPOSED DESIGN- COOBOWIE WATER TANK AND SHED

The design focuses on the distinctive bird life of Coobowie. It features the elegant Black Swans and local flora Bulbine Bulbosa and Christmas Bell. Our reference to water and the aquatic reserve is in the swirls of background pattern. Coobowie comes from an Aboriginal word meaning "wild fowl water" so we felt it was important to reflect these elements so iconic of the town.

SHORTLISTED STAGE

PROPOSED DESIGN- COOBOWIE WATER TANK AND SHED

The rodeo is an important part of the history of Coobowie, so we wanted to depict this on the adjacent shed to contrast against the soft, curved surface and subject matter of the water tower. The rodeo scene is tough and chaotic on the hard iron surface. It also features a tranquil sunset and the feeling of dust and soil that is so quintessential of the Australian landscape.
