

COUNCIL POLICY

Budget Reporting and Amendment Policy

Policy Number:	PO142		
Strategic Plan Objective	Responsible Governance and Leadership		
Policy Owner:	Director Corporate & Community Services	File Number:	16/14836[v4]
Responsible Officer:	Manager Financial Services	Minute Reference:	163/2021
Date Adopted:	08/09/2021	Next Review Date:	08/09/2025

1. POLICY OBJECTIVES

This policy provides direction to staff in relation to reporting performance against Council's Adopted Budget and amending Council's Adopted Budget where required.

The intention of this Policy is to provide management with a framework within which to operate in regard to the following:

- The Process to be allowed and general guidelines in relation to confirming the accuracy of budget information and the investigation of significant variances;
- The content, timing and process to be followed for reporting to Council on its performance against budget;
- The scope and conditions associated with the Chief Executive Officer approving any increases in budget expenditure or new budget items without obtaining Council approval;
- The process required to be followed as well as general guidelines in relation to the carrying forward (rolling over) of expenditure authority associated with projects included in the budget for the previous year;
- Set delegations for budget "transfers" where reallocation of budget amounts does not change the Council approved budget surplus/deficit or approved capital budget.

2. SCOPE

This policy provides guidance and outlines procedure for all budget managers within Council and highlights reporting requirements for performance against, and periodic amendments to, Council's adopted Budget.

3. DEFINITIONS

Adopted Budget	The annual Budget position adopted by Council each year in accordance with Council's Annual Business Plan.
Revised Budget	Consists of the Adopted Budget adjusted for all approved amendments under this policy.
Budget Adjustment Request Form	The online form available on Council's Intranet that must be used to request any budget adjustments.
Significant Variance	Variances to budget exceeding 10%

4. POLICY STATEMENT

4.1 Management Reporting

Budget financial reporting is available electronically at all times through Council's Magiq budgeting software.

The reporting in Magiq should be set up to show as a minimum, at activity level, financial transactions for the year to date, original and revised budget information, and outstanding committed expenditure. Budget managers will be responsible for analysing financial information in Magiq relevant to their responsible business unit/department and identifying any variances or discrepancies for adjustment and/or correction. Analysis should be undertaken quarterly as a minimum.

4.2 Budget Reporting to Council

A monthly Budget Update (Financial Report) will be prepared and included in the agenda of the Ordinary Meeting of Council. The report will include details as at the end of the month immediately preceding the date of the meeting. The report will highlight, at summary level, budget activity for the year to date, original and revised budget information, and include the latest revised forecast of expected budget results for the year. Reports for June will not be prepared and submitted to Council, however, full year financial information will be included in the year-end Annual Financial Statements and reported to Council in November each year.

4.3 Variations outside the scope of the Adopted Budget

Council approval must be sought and obtained before commitments are made or events occur that would result in activity outside of the endorsed Budget.

In considering a request for a revision to its Budget, Council will consider the impact the approval would have on the achievement of the targets for financial indicators established in Council's original Budget. It will also consider the capacity to increase other revenue or reduce other expenditure (either of a corresponding operating or capital nature as appropriate) to offset the variation and the merit of so doing.

4.4 Variations within the scope of the Adopted Budget

Where circumstances so warrant (e.g. for reasons of urgent necessity) the CEO may in consultation with the Mayor (and Elected Members if deemed necessary) authorise budget variations that are within the scope of approved limits for budget items, providing that variations made do not:

- a) In aggregate exceed threshold value limits for that function/activity outlined in the Budget;
- b) Materially impact on the quality, quantity, frequency, range or level of service previously provided for or implicitly intended in the original allocation; and
- c) Impact on any explicit proposals Council has included in its Annual Business Plan or has otherwise publicly committed to and accommodated in its Budget.

Whenever such changes are made, the following Budget Revision must include information explaining the rationale for the decision.

4.5 Budget Carry Forwards (Roll Overs)

Funding approval for budgeted activities not completed at the end of any budget year is forfeited unless approval to carry-over the activity and associated budget allocation is granted by Council (including by the CEO under delegated authority as per conditions outlined in 4.3 above).

While there may be one-off exceptions, operating activity budgeted for but not expended in a year generally will not be carried forward to the following year. Identifiable operating projects that will not commence in the year that they have been budgeted for should be re-evaluated and where warranted included in the budget for the following year at the time of its adoption. Similarly capital projects that have not commenced in one year should be considered against other competing priorities in determining the content of the budget for the following year before being carried forward to the following year.

The scope and funding requirements of capital projects and major operating-type activities that are committed or underway but not completed at the end of one financial year needs to be reviewed and the projects/activities considered for carrying forward at the August Council meeting in the following financial year.

Any request for carrying forward activity needs to clearly highlight whether the scope of each activity item and its associated funding quantum is proposed to be varied from that previously approved and if so the reasons for same. Any impact on the achievement of the targets for financial indicators established in Council's original budget for the current year also should be identified.

4.6 Reallocation and Adjustment of Budgets

During the budget year it will be necessary to re-allocate/adjust budget allocations to facilitate dynamic changes to Council's operations. Any changes required should consider the conditions of 4.3 above and should be made only if they do not contravene the requirements of that clause. Such changes then made will be incorporated in the next available Budget Review Report and reflected in the current forecast for the remainder of the financial year.

All such reallocations/adjustments should be enacted according to delegations (see below) via the online Budget Adjustment Request Form available on Council's Intranet. No commitments are to be made or events occur in relation to reallocations/adjustments of budget prior to the relevant approval being obtained.

The following delegations are to be observed for all reallocations/adjustments meeting the requirements of this clause:

- a) Balanced (zero net cash impact) reallocations/adjustments not exceeding \$20,000 can be approved by the relevant Director without referral to the CEO or Council.
- b) Unbalanced reallocations/adjustments being those that will have an impact on the budget bottom line but not exceeding \$20,000 require approval by both the relevant Director and CEO.
- c) All reallocations/adjustments of budgets from Capital to Operating or Operating to Capital require approval of the relevant Director and CEO.
- d) Reallocations/adjustments exceeding \$20,000, but not exceeding \$50,000, can be approved by the CEO without referral to Council.
- e) For reallocations/adjustments exceeding \$50,000 Council approval must be sought and obtained before commitments are made or events occur that would result in activity outside of the above budget limits wherever practical.

Any change outside the scope of the Budget (i.e. result in changes to the Council adopted Budget operating surplus/deficit or adopted capital Budget) will be reported to Council via the quarterly Budget reviews.

4.7 Quarterly Budget Review Reporting

Budget Review Reports for quarters ending in September, December and March each year will be prepared for Council as soon as practical after the end of each quarter and will detail all budget adjustments made under delegation and budget adjustments requiring Council approval. The report will include data presented in the format similar to Figure 1.1 in the LGA's Information Paper 25 – Monitoring Council Budget Performance.

Budget adjustments for the final quarter (April-June) each year will not be formally reported to Council, however, where significant will be included in reporting accompanying Council's Annual Financial Statements. Further they will also be included in Council's response to the Auditor's balance date audit Management Representation Letter, if relevant or requested.

5. COMPLAINTS

Complaints about this policy can be made in writing to the Director Corporate and Community Services. Complaints will be managed in accordance with Council's Complaints Policy PO147.

6. REVIEW

This policy will be reviewed every four (4) years or as deemed necessary in consideration of any changes to legislation and relevant standards, codes and guidelines.

7. TRAINING

Council is committed to supporting employees in complying with this policy. Training needs will be reviewed annually, during individual performance reviews and as necessary in consideration of any changes to legislation and relevant standards, codes and guidelines. Staff will be made aware of the existence of this policy and their obligations under this policy.

8. RECORDS

Records shall be maintained as required by Council's Records Management Policy (PO063) and relevant legislation.
