

Disability Access and Inclusion Plan 2020 to 2024

Yorke Regional Alliance

Easy English

Hard words

This book has some hard words.

The first time we write a hard word

- the word is in **blue**
- we write what the hard word means.

You can get help with this book

You can get someone to help you

- read this book
- know what this book is about
- find more information.

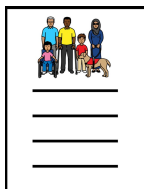

About this book

This book is from the **Yorke Regional Alliance**.

The Yorke Regional Alliance includes

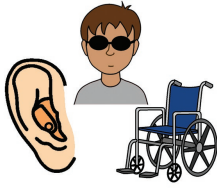

- Barunga West Council
- Copper Coast Council
- Yorke Peninsula Council.

This book is about our disability access and inclusion plan for 2020 to 2024.

We asked different people for their ideas to make our plan.

For example

- people with disability

- friends and family of people with disability

- carers

- community groups.

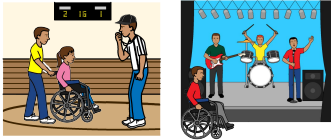

Our plan has 5 goals.

Goal 1

Include people with disability

We want to help people with disability be part of their community.

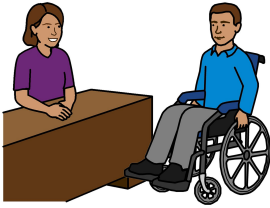

We will

- help people with disability do sports and go to events
- update signs and screens around the community to help people with disability understand information
 - for example, people who are blind.

Goal 2

Engage with us

We want people with disability to tell us their ideas and help us make some decisions.

We will

- ask people with disability to join working groups at council so we know what they think

- give people with disability information in a way that works for them
 - for example, Easy English and braille

- look for new ways to help people with disability communicate with other people.

Goal 3

Accessible places and spaces

We want our places and spaces to be accessible to everyone.

We will

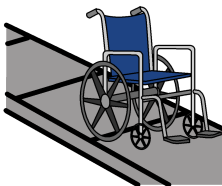

- make it easier to go to the beach

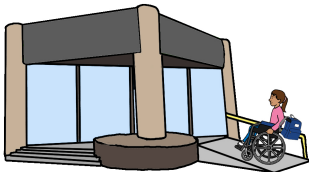

- make it easier to use walking trails

- make accessible playgrounds

- make sure footpaths are clear for people to use

- look for more places to have ramps and rails.

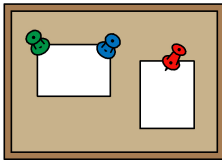

Goal 4

Make information easy to find

We want information to be easy to find so that everyone can be part of their community.

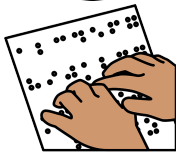

We will

- update information on community notice boards more often

- put information on social media

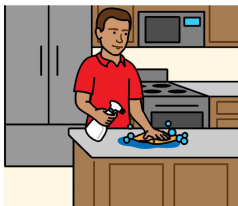

- use accessible formats like
 - Easy English
 - braille
 - audio
 - captioning
 - large fonts.

Goal 5

Working with us

We want people with disability to be included at council.

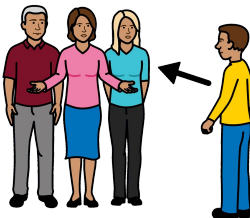

We will

- work with disability employment groups to give people with disability jobs at council

- train our staff in disability awareness

- make sure our staff include people with disability

- encourage people with disability to learn new skills by **volunteering** with us.

Volunteers work for organisations but do **not** get money for the work they do.

More information

For more information you can contact any of the councils in the Yorke Regional Alliance.

If you need help to speak or listen use the National Relay Service.
