

# Mosaic Walk

EDITHBURGH -  
SULTANA POINT  
WALKING TRAIL

*94 Amazing Mosaics*

[edithburghmosaics.waterdata.com.au](http://edithburghmosaics.waterdata.com.au)

*The Edithburgh to Sultana Point Walking Trail is part of the “Walk the Yorke Trail”.*

*Trudie Howith had a vision to mosaic rocks along the foreshore to add interest to the natural beauty of the walk.*

*The nautical themed mosaics also provided an opportunity for members of the community, no matter what their skill levels were, to take part in a shared art project.*

*The walk starts at the Fisherman's Jetty then towards Sultana Point.*

*All materials and labour for this project were donated, and many thanks go to all the artists, Edithburgh Progress Association, Yorke Peninsula Council, Hanson's Curramulka Quarry, Tape Homes, Terry Braund, Water Data Services for our website, and especially to Trudie Howith who had the vision and followed it through to completion.*
