POLICIES AND PROPOSALS FOR MANAGEMENT OF THE LAND

Ensure consistency with the objectives set out in the Yorke Peninsula Council's corporate documents including:

- Strategic Plan
- ILUA Agreement
- Development Plan
- Animal Management Plan
- Parks & Gardens Infrastructure Asset Management Plan
- By Law No. 2 Local Government Land
- By Law No. 5 Dog and Cats
- Any other council or government policies where applicable.

DEPARTMENT FOR ENVIRONMENT, WATER AND NATURAL RESOURCES

- Dedicated land may only be used for purposes consistent with that for which it was dedicated, and no other purpose. A change of land use will require the resumption of the land and re-dedication for a purpose consistent with the new use.
- The granting of a lease/licence over dedicated land requires approval from the Minister if native title has not been extinguished and the lease will cause any development (within the meaning of the *Planning, Development and Infrastructure Act 2016*). That the Council is satisfied that the lease would not detract from any existing public use and enjoyment of the land, would not prevent the land being used for the purpose for which it was dedicated and would not otherwise be improper or undesirable.
- The Doctrine of Fixtures applies to dedicated land. Any buildings or other improvements erected on the land determined to be fixtures will be the property of the Crown unless the Minister has expressly stated in writing that the improvements shall be deemed to be severed from the land.
- Easements required over dedicated land may only be granted by the Minister pursuant to the *Crown Lands Act, 1929*.
- The clearance of native vegetation (including grasslands) must not occur without the prior approval of the relevant Minister and the Native Vegetation Council.
