Dear Mayor Agnew

I write to you in my capacity as Minister for Regional Development and Minister for State/Local Government Relations to express my concerns regarding the Federal Government's reneging of funding for Round Five of the Regional Development Australia Fund.

For the District Council of Yorke Peninsula, this will mean an approximate loss of \$143,636 intended for Stage 2 of the Ardrossan Stormwater Harvesting and Reuse Scheme. Round Five funding would have contributed much needed funding to infrastructure and community needs that are unable to be met by the State Government.

Although the Federal Government has now decided to honour uncontracted projects in Rounds One to Four, the withdrawal of Round Five grants is still a tremendous loss for South Australia and one that I have grave concerns about.

I am pleased that all projects in Rounds One to Four will now go ahead following pressure from communities and Government. I wish to let you know that I continue to advocate on the behalf of South Australian Local Government and will continue my communications with Commonwealth to have this funding reinstated.

Yours sincerely

Distribution

- 3 JAN 2014

DATE HELD: Monday 2nd December 2013.

Chairperson Peter Bilney welcomed all present, and extended a special welcome to Lesley-Anne Swaans as a representative for Yorketown Progress Association.

PRESENT: P. Bilney, T. Franke, P. Franke, W. Haylock, B. Braund, Lesley-Anne Swaans, and L. May.

APOLOGIES: P. Lane, D. Hoare, and B. Scholes.

Confirmation of Minutes: Meeting held on Tuesday 4th November

2013. Minutes of the previous meeting were moved for confirmation by P. Franke, seconded by T. Franke. Carried

BUSINESS ARISING:

1. P. & J. Lane advised that they have no receipts relating to expenditure of money received from the sale of on-site van (\$300.00), however provided a list of items purchased, to the value of \$200.00.
2. Committee members met with Mark Tape of Tape Homes to discuss possible Amenities upgrade. Due to the state of the current building, the movement and cracking caused by un-keyed extensions, and that the floor would also need to be dug up to replace old clay plumbing, it is not considered feasible to renovate. A new build was recommended. It was agreed that Tape Homes be asked to submit price to build a new Amenities, to include two toilets and two showers in each ladies and gents, a laundry, and a unisex disabled en suite.
3. Re the purchase of a new washing machine, it was moved that we accept Total Commercial Equipment quote for an Econ-0-Wash machine, by T. Franke, seconded by B. Braund. Carried. L. May to order.
4. Prices to be sought in the New Year, from C. Launer and York Carpets, to replace floor coverings in living areas of both cabins.
5. The caretaker has not advised if a stainless steel cover for the BBQ has been ordered.

TREASURERS REPORT:

The financial report for the months of October and November were tabled. The lack of financial information was discussed, and the Committee agreed that we request being supplied with a list of all expenditure on a regular basis. It was moved that the financial reports for September and November be accepted, by W. Haylock, seconded by B. Braund. Carried.

CORRESPONDENCE IN:

1. Letter - from Progress Association re appointment to our committee.
2. Emails- B. Scholes re October and November financial report.
3. Email - B. Scholes re tree lopping.
4. Email - B. Scholes re resignation of caretakers.
5. Email - Total Commercial Equipment re washing machines.
6. Email - D. Harding re future management of the Park.

CORRESPONDENCE OUT;

1. Email – Council re resignation of caretakers.
2. Email – B. Scholes re washing machine purchase.
3. Email – B. Scholes re request for more financial information.
4. Email – B. Scholes re Capital Works Expenditure update.
5. Email – B. Scholes re tree lopping.
6. P. & J. Lane re resignation, advice of meeting decisions.

It was moved that the correspondence be accepted, by L. May, seconded by P. Franke.
Carried

MANAGERS REPORT

The report was forwarded from the Caretaker.

During November there were 70 powered sites, 2 unpowered sites, 40 cabin nights and, \$28.00 laundry income. November income was \$5,725.00.

An account was enclosed with the manager's report from P. & J. Lane Maintenance Contractors claiming \$450.00 for tree lopping in July 2012. It was claimed that they were "instructed" to do the work by Graham May. There was certainly no arrangement for the said contract, nor any permission granted by the Committee. No quotes were supplied to, or accepted by, the Committee. P. Lane elected to undertake various work, including cutting down the pine tree by the on-site van completely, on his own, after the fallen branch was removed. In doing so, a branch fell on the fence which consequently required a panel to be replaced. This was not reported to the Committee. The Committee was adamant that payment of the account be disallowed.

GENERAL BUSINESS:

1. Following discussion in the managers' report, it was moved that Council be advised of the account received from P. & J. Lane Maintenance Contractors, and that it has not been approved for payment by the Committee, by T. Franke, seconded by L. May. Carried.
2. A new supply of DL brochures is needed for the Park. It was moved that 500 be ordered, to include the email address, by B. Braund, seconded by T. Franke. Carried.
3. It was moved that a four week series of advertisements be placed in the Escape section of the Sunday Mail, by P. Franke, seconded by W. Haylock.
4. P. Franke advised that she had been told by the caretaker of the arrival of the John Deere lawn mower.
5. L. May advised that she will discuss accreditation with B. Scholes, as we need to be prepared for an inspection by CRVA.
6. L. May suggested the next walk around the Park be at the end of January, prior to the meeting in February. Members of the Progress Association will be invited to take part in the inspection.

There was no further business. The meeting closed at 9.50pm.

*The next meeting would be **on Monday 3rd February 2014.***

3. INSPECTORIAL – ACTIVITY REPORT

(File Ref: 9.24.1.1)

INTRODUCTION

To inform Council of the activities of the Inspectorial Team.

RECOMMENDATION

That the report be received.

COMMENT

Council's Officers have dealt with many routine matters during the past month, including parking complaints, illegal campers, wandering and nuisance dogs, noisy dogs, and nuisance cats.

Two dog owners have been interviewed after separate dog attacks. An Arthurton resident surrendered his dog after it attacked a child visiting his residence. The child received severe facial injuries, which resulted in her being admitted to the Women's and Children's Hospital for several days. A Point Turton dog owner is having a control order placed on his dog after it bit a child on the face who was visiting the premises.

A vehicle was towed away from the Yorke Highway near Ardrossan after extensive inquiries failed to locate the owner.

The Council's Fire Prevention Officer is continuing to monitor fire hazards throughout the fire danger season and will take appropriate action where needed. Investigations are continuing with Police and Safe Work SA regarding the continued use of illegal fireworks on New Year's Eve. One person was conveyed to an Adelaide hospital with burns as a result of an illegal fireworks display.

Routine patrols of boat ramps have also been performed to ensure users are paying to use the facilities. One expiation notice has been issued to a person who failed to pay to use a facility prior to launching their boat.

Council's Rangers are continuing to door knock the district to ascertain if dogs that are being kept on a property are registered.

Regular patrols have also taken place at the bush camping areas to ensure users are paying for the facilities. Many of the popular bush camping locations were near capacity during the Christmas-New Year period.

4. PORT VINCENT DEVELOPMENT PLAN AMENDMENT

(File Ref:9.24.1.1)

INTRODUCTION

To inform Elected Members that the Port Vincent Development Plan Amendment, (DPA) has been approved by the Minister.

RECOMMENDATION

That the report be received.

COMMENT

On the 16 December 2013 Council received confirmation that the Port Vincent DPA has been approved by the Minister.

The purpose for the DPA was to investigate the potential for extending the Residential Zone of Port Vincent to the west of the existing township.

As part of the review, the DPA also investigated Port Vincent Township in general to ensure that the amendments included other minor issues identified with the current Development Plan.

Under the provisions of 25(17) of the Development Act, the amendment must be published in the Government Gazette prior to the Development Plan being up-dated.

Staff have been informed that the Minister is also considering the Four Towns DPA and as such gazettal has been put on hold for a short time to enable one reprint of the Development Plan rather than two in a short period of time.

Staff will continue to monitor the progress of the DPA's and report to Elected Members accordingly.

Dear Mr Cameron

Request to consider the Port Vincent Development Plan Amendment for Approval

I refer to the letter requesting approval for the above-mentioned Amendment.

I have now considered your request and am pleased to approve the Amendment. Please note that in order for the Amendment to come into effect a 'Notice' under section 25(17) is published in the Government Gazette.

Following the approval of this amendment, the current version of your Development Plan will be changed to incorporate the Amendment. A copy of this new version of the Development Plan will then be sent to Council.

Please contact Nadia Gencarelli on 8204 8280 should you require further clarification or assistance in relation to the abovementioned matters.

INTRODUCTION

To inform Elected Members that the Edithburgh Township and Surrounds Statement of Intent (SOI) has been approved by the Minister for preparation of a Development Plan Amendment (DPA).

RECOMMENDATION

That the report be received.

COMMENT

On the 19 December 2013 Council received notification that the Minister had agreed with the Edithburgh Township and Surrounds (SOI) presented by Council. The Minister states that the SOI forms a reasonable basis for the preparation of a Development Plan Amendment (DPA).

Elected Members will recall that this DPA application was put on hold some time ago at the request of the Minister for Council to prioritise DPA's.

This particular DPA is Developer supported and Access Planning is currently working through the DPA process. Issues currently being investigated include but are not limited to Infrastructure, interface between land uses, CWMS system capacity at Sultana Point, Stormwater management and the old Edithburgh Dump site.

Staff will continue to provide Elected Members with updates on the DPA throughout the process.

Dear Mr Cameron

Thank you for the Edithburgh Town and Surrounds Development Plan Amendment (DPA) Statement of Intent (SOI).

I agree that this SOI forms a reasonable basis for the preparation of the proposed DPA pursuant to section 25(1) of the *Development Act 1993* (the Act). A copy of the SOI is **attached**.

This DPA will be monitored as part of the State Government's objective to speed up rezoning and Council must commit to the timetable.

I understand that delays can be unexpected and that some issues may be difficult to resolve. Council is encouraged to raise any issues early in the process and advise the Department who may assign officers to assist in facilitating a resolution.

Council must secure my agreement to update the DPA timetable if it appears at any stage that an extension will be required (as per regulation 9(1)(l) of the *Development Regulations 2008*). This request should be made directly to the Department.

In the event that the DPA does not proceed in accordance with the agreed timetable and no formal agreement has been reached to extend the timetable, I will consider lapsing the DPA pursuant to section 25(19) of the Act.

If you require any assistance or additional information, please contact Nadia Gencarelli, Senior Planning Officer, on 8204 8280 or by email Nadia.Gencarelli@sa.gov.au.

For more information, please refer to the Department's *Technical Guide to Development Plan Amendments* via the Practitioner Information webpage at <http://www.planning.sa.gov.au> during each stage of the DPA process to ensure that all legislative and technical requirements are met.

1. THE CITY OF ADELAIDE CLIPPER SHIP CAMPAIGN

(File Ref:9.24.1.1)

INTRODUCTION

Council to consider making a donation to support The City of Adelaide Clipper Ship Campaign.

RECOMMENDATION

That Council approve a donation of \$..... to support The City of Adelaide Clipper Ship Campaign to bring the ship home to Port Adelaide.

COMMENT

Correspondence has been received in relation to The City of Adelaide Clipper Ship Campaign where funds are being raised to bring the Ship home to Port Adelaide (copy attached).

This ship has much historical significance in the establishment of our City and many people's ancestors were part of the voyage that brought the early pioneers to Adelaide.

Dear Mr Cameron

HELP TO PRESERVE THE OLDEST CLIPPER SHIP IN THE WORLD

The *City of Adelaide* clipper ship was purpose-built in Southampton in the 1860's to undertake journeys between London and Port Adelaide to help with the colonisation of South Australia.

From 1864, the vessel commenced her voyages to Port Adelaide. Today, some 240,000 Australians can trace their ancestry to a small group of adventure seeking, brave men and women who dared to be part of the early settlement of South Australia.

She is steeped in the history of this State and played a key role in transporting some of the first families to build South Australia.

The *City of Adelaide* clipper ship undertook 46 voyages between Adelaide and London transporting our exports to the London markets including primary produce such as copper and wool, docking in Port Augusta. Exports were loaded from organisations such as:

- Moonta Mining Company
- Kapunda Mining Company
- Yorke's Peninsula Mining Company
- Wallaroo Smelting Works
- Yudanamutana Mining Company
- FH Faulding & Company

From 1887, the *City of Adelaide* took on other work transporting coal between Tyne and Dover, carrying timber in the North Atlantic trade, a floating isolation hospital, training ship, and finally was presented by the Admiralty to the R.N.V.R. Club (Scotland) where she was towed to the Custom House Quay. At this time she was renamed the *Carrick*. In 1999, due to lack of funds, the Government of Scotland advised that the ship was to be demolished.

I am seeking the help of your Council through participation in her final journey. Staff can visit the website www.cityofadelaide.org.au/bringherhome and get on board. Through a donation, your Council or staff members can purchase a ticket as a passenger or a member of the crew. You can load cargo such as copper, wool, rum or purchase a chicken for the trip. .

OR

For an \$85 donation, tell the story/history of your organisation. You will be provided with an A3 envelope to hold your memorabilia and story. This will be placed in a Living Time Capsule to be located close to the permanent home of the City of Adelaide clipper ship at Port Adelaide. The Time Capsule will be opened in 2039, when the envelope will be mailed to your chosen recipient.

I have taken the liberty of enclosing flyers for both of these options. Would you please consider making a donation and promoting this opportunity to your members and their families for the benefit of South Australia's maritime history.

Yours sincerely,

Creagh O'Connor
Chairman

NOTE: I have enclosed some additional information about this remarkable vessel.

Clipper Ship City of Adelaide Ltd

FACTS

The City of Adelaide clipper ship is being saved because

- she is one of only three large ocean-going composite build ships in the world still intact
- she is the oldest clipper ship in the world – an important part of international maritime history that needs to be preserved for our children and the children around the world
- she is recognised as part of the national Historical Fleet of the United Kingdom - further recognising her international importance
- this vessel is considered to be one of the 12 most important historical ships still surviving today.

Over the past fourteen years, the volunteer Board of the Clipper Ship City of Adelaide (CSCOAL) has been collaborating with a range of individuals; engineering and construction experts and government bodies within Australia, the United Kingdom and Europe, to ensure that the oldest clipper ship in the world is saved.

The visionaries of the Clipper Ship City of Adelaide Board have some very clear objectives:

- save the clipper ship from demolition (completed)
- transport her on one final voyage to a permanent home in historic Port Adelaide
- the City of Adelaide to then become the focal point of an interactive maritime exhibition, surrounded by other historic vessels including A.K. Nelcebee, the oldest seagoing ship in Australia built in 1883 in Rutherglen and the A.K. Falie, a coastal trader built at Masluis, Holland in 1920 - accessible to future generations – the next step to be planned

In October 2013, the *Carrick* was finally rolled onto a barge and towed along the Irvine River and along the coast of the United Kingdom to Greenwich, where HRH the Duke of Edinburgh renamed her to her original name the *City of Adelaide*, for all time.

The *City of Adelaide* has now left on her final journey to Port Adelaide and is due to arrive in early 2014.

Some 24 South Australian engineering firms have generously worked with, supported and provided invaluable expertise to move this giant of the ocean. Their expertise has included:

- 3D laser surveying with data
- The development of detailed 3D CAD shop drawings for individual cradle components
- The development of the steel cradle
- The manufacturing of the cradle in pieces for assembling in situ
- Provision of 40-foot shipping containers and transport the cradle
- Assembly and installation of the 100 tonnes steel cradle beneath the clipper and so much more.

2. REGIONAL DEVELOPMENT AUSTRALIA LETTER OF SUPPORT

(File Ref:9.24.1.1)

INTRODUCTION

For Council to consider providing a letter of support in relation to Regional Development Australia.

RECOMMENDATION

That Council authorise the Chief Executive Officer to provide an appropriate letter of support in relation to Yorke and Mid North Regional Development Australia in line with the request from Chairperson Kay Mathias.

COMMENT

Correspondence has been received from RDA Chairperson Kay Mathias in relation to seeking a letter of support to be sent to State and Federal Government politicians to retain the RDA service in regional South Australia (copy attached). A copy of the letter was also received by Mayor Agnew

The letter highlights that the Australian Government is currently considering "*how to most effectively seize and pursue economic development opportunities in the future*". With this in mind it would seem prudent that Council show its support for the retention of the successful partnership that has been forged with Regional Development Australia within our region.

Over its lifetime and with the former Yorke Regional Development Board prior to the implementation of RDA, our region has seen many successful outcomes within both economic opportunities, business development and employment outcomes. It would be very disappointing to see that success disappear from within our region.

Dear Andrew

I am seeking your cooperation to write to State and Federal Members of Parliament in support of Regional Development Australia.

In a recent letter of appointment to board members, Minister for Infrastructure and Regional Development The Hon Warren Truss MP, advised: ***"The Australian Government is committed to supporting a committee-based network of community leaders who can work with their communities to build and promote regional economic growth. Together with the Hon. Gail Gago, MLC, Minister for Regional Development and Mayor Lorraine Rosenberg, Acting President of the Local Government Association of South Australia, I would like to take the opportunity over the next few months to consider how to most effectively seize and pursue economic development opportunities in the future."***

As you are aware, in South Australia, Regional Development Australia (RDA) boards have a unique and exceptionally strong working relationship with Local Government as it does with all tiers of Government.

At a recent RDA South Australia meeting it was agreed that each RDA invite each Council to write to Hon Minister Truss MP in a show of support of their local RDA.

With that in mind I ask that you show your support of RDA by writing a letter to Minister Truss and Assistant Minister Hon Jamie Briggs MP (and other relevant MPs), outlining the essential role RDA plays in regional Australia and in your local government area. I would particularly ask that you demonstrate, in the letter, your ongoing commitment to the South Australian Model.

I believe that it is imperative that a clear message is sent to both the Federal Government, our State Government and Opposition, that Regional Development Australia is, in line with our charter, is an important contributor to and driver of:

- regional business growth plans and strategies, which will help support economic development, the creation of new jobs, skills development and business investment
- environmental solutions, which will support ongoing sustainability and the management of climate change (including the impact of drought, flood or bushfires), and
- social inclusion strategies, which will bring together and support all members of the community.

This is evidenced by our ability to actively seek and achieve continual improvement and development in the areas of:

- human capital (education and skills)
- sustainability (economically, environmentally and socially)
- communities and population growth
- access to international, national and regional markets and
- effective cross-sector and intergovernmental partnerships

1. DECEMBER 2013 BUDGET REVIEW (File Ref: 9.24.1.1)

INTRODUCTION

To consider a review of Council's 2013/2014 adopted budget.

RECOMMENDATION

That Council adopt the December 2013 Budget Review changes as presented in the December 2013 Budget Review – Summary of Changes and the attached financial reports. (Uniform Presentation of Finances, Statement of Comprehensive Income, Balance Sheet, Cash Flow Statement, Statement of Changes in Equity and Financial Ratios Report)

COMMENT

As required by Local Government (Financial Management) Regulations 2011 Council budget managers in all Directorates have completed a review of the adopted budget and September budget review changes. Further adjustments have been made incorporating approved Council amendments, review changes based on financial results to date and known changes in circumstances at 31st December 2013.

As a result of the December 2013 review the Net Borrowing for the financial year has decreased by \$15,371 to a total of \$240,542 in the proposed Revised Budget for the 2013/2014 financial year.

Cash variations from this review are summarised below:

- Savings to date on hall capital projects of \$9,377
- Increased revenue from Development Services fees totalling \$23,090
- Associated increases in levies/administration costs for Development Services of \$5,066
- Increase in water and maintenance costs for Council buildings of \$9,717
- Increase in insurance costs for plant, parks & gardens and airstrips of \$7,521
- Refund of contributions to local government national referendum campaign fund totalling \$3,451
- Savings in workers compensation insurance of \$1,626
- Savings of \$131 in library insurance.

Major re-allocations of budget funds include:

- Savings in workers compensation insurance costs of \$15,280 reallocated to cover costs associated with the supplementary election to be held in January 2014.
- Increase in A&IS grant funding of \$25,000 offset by matching expenditure on funded projects

- Increase in Yorketown Depot establishment costs of \$12,000 reallocated from Plant and Machinery budget
- Increase in IT administration licenses and contractual fees of \$18,000 reallocated from professional services and IT equipment budgets within Information Services.

Other minor reallocations of income and expenditure have also been made (both within Directorates and between Directorates) during the review which when netted off do not materially change the revised Net Borrowings. A list of all changes proposed has also been included for Elected Members information.

2. FINANCIAL REPORT 31st December 2013 (File Ref: 9.24.1.1)

INTRODUCTION

Finance staff have undertaken to present a financial report to Council encompassing results to the end of each calendar month preceding each scheduled Council meeting.

RECOMMENDATION

That Council receive the financial report as at 31st December 2013.

COMMENT

The attached Financial Report is submitted with the following qualifications and comments:

- Actuals included in the report are as incurred at close of business on the last day of the month being reported and may be subject to balance day adjustments – any such adjustments will be incorporated in the following monthly report.
- The report does not include year-end income and expense accruals.

LEGISLATION/POLICY/COUNCIL STRATEGIC PLAN

Local Government (Financial Management) Regulations 2011

PO 142 Budget Reporting and Amendment Policy

Council's Strategic Plan includes clear plans to ensure better and timely reporting and improved formal control of Council's Adopted Budget and the Budget Review process.

FINANCIAL AND RISK MANAGEMENT CONSIDERATIONS

In conjunction with the adoption and enforcement of the Budget Reporting and Amendment Policy the Financial Report presented to Council monthly will assist in formal assessment of Council's financial position and contribute significantly to both Financial and Risk Management procedures.

3. SIGNATORIES TO COUNCILS' CHEQUE ACCOUNT POLICY

(File Ref: 9.24.1.1)

INTRODUCTION

To seek endorsement from Council for the adoption of the updated PO095 Signatories to Councils' Cheque Account Policy.

RECOMMENDATION

That Council endorse and adopt the updated PO095 Signatories to Councils' Cheque Account Policy as presented in the Agenda for inclusion in Council's policy manual and on the website.

COMMENT

Officers are continuing to undertake a thorough review of Council's Policy Manual.

PO095 Signatories to Councils' Cheque Account Policy has been updated to reflect the new policy format, with no change in delegated positions.

5. DRAFT LONG TERM FINANCIAL PLAN

(File Ref: 9.24.1.1)

INTRODUCTION

To consider a review of Council's Long Term Financial Plan.

RECOMMENDATION

That the draft Long Term Financial Plan for 2013/14 to 2022/23 be endorsed for public consultation.

COMMENT

The Long Term Financial Plan (LTFP) has been used by Council to guide the development of the 2012/2013 and the 2013/2014 budgets and to assess major projects prior to formal consideration by Council.

The LTFP has been now been revised for the period from 2013/14 through to the 2022/23 financial year. The draft LTFP incorporates Council's actual financial position at 30 June 2013 as detailed in the adopted financial statements for 2012/2013 and the results of the September 2013 budget review. Continued revision of the LTFP ensures that the plan remains relevant and reflects the impact of the most recent decisions made by Council.

In the meantime, to comply with legislative requirements, the draft LTFP will be the subject of public consultation. Feedback from the elected members and the public consultation process will be incorporated into the final draft of the LTFP which will be presented to the March 2014 meeting of Council.

LEGISLATION/POLICY/COUNCIL STRATEGIC PLAN

Local Government Act 1999

Local Government (Financial Management) Regulations 2011

FINANCIAL AND RISK MANAGEMENT CONSIDERATIONS

The LTFP is an important component of Councils strategic management plans and provides important guidance to Council decision making, especially in the area of financial sustainability.

Executive Summary

The objective of the Long Term Financial Plan (LTFP) is to ensure that Council is financially sustainable and able to provide at least the current level of services over the 10 years of the plan.

In 2011/12, as the result of an extensive review, by staff and an independent local government consultant, of Council's financial performance and position over the previous 5 - 10 years Council determined that:

"DCYP (now YPC) needs to commit to progressively improving its financial performance. If it doesn't then service levels will decline over time as Council will not be able to renew and replace assets as required."

The LTFP is used as a tool to establish and communicate Council's general financial direction over the longer term and to assist in the assessment of Council's current financial position in conjunction with its Annual Business Plan and Annual Budgets preparation together with ongoing quarterly Budget Reviews.

Section 122 (4a) of the Local Government Act 1999 requires Council to undertake a review of its long term financial plan as soon as practicable after adopting the council's annual business plan for a particular financial year.

Also required under the Act:

- S.8 (k): *A council must act to ensure the sustainability of (its) long-term financial performance and position*
- S.150 (c): *(A) council should, in making any (rating) decision, take into account the financial effects of the decision on future generations*

Council's previous LTFP published in 2011/2012 was based on the following key strategies:

- Achieve operating surplus as a minimum within next 10 years (2021/2022);
- Spending on asset renewal consistent with AMP identified needs (say +/- 10%); to ensure Asset Sustainability in the long term;
- No new services to be introduced without consideration of the impact on the LTFP;

In preparing this updated version to 2022/2023 Council has adhered to the long term strategy adopted in 2011/2012 and will continue to monitor these key aims across the long term of its Financial Plan going forward.

The 2013/14 to 2022/23 LTFP has been created using the current year Revised Budget, endorsed by Council at its November 2013 meeting, as year 1 of the plan.

The LTFP is intended to be a “live” document requiring adjustment and assessment as Council makes financial decisions which may affect its financial position long term. In particular decisions made in the key areas of rate movements, asset replacements and renewals, and the sustainability of service levels to be provided (inclusive of operating costs over the long term) require constant monitoring and review.

The LTFP is derived from a sub set of strategic financial policies, including Infrastructure Asset Management Plans (IAMP) for all classes of assets, and a set of assumptions necessary given the high level of the LTFP itself and the long term nature of all forecasts made. (refer to pages 7 & 8 of this document for a summary of the major assumptions applied)

Resources Referenced

Resources referenced for the construction of the YPC LTFP include:

- Previous Long Term Financial Plans;
- 2012-2013 Audited Financial Statements;
- 2013-14 Revised Budget (September Quarter review);
- 2013-2014 Adopted Budget (adopted July 2013);
- 2013-2014 Annual Business Plan (adopted July 2013);
- Infrastructure Asset Management Plans;
- 2013/14 Annual Business Plan;
- Input from the CEO, Council Directors and key Council staff;
- Requests from Elected Members.

Key Assumptions

The key assumptions in achieving this result are:

- Expected CPI movement of 3.2% per annum across the 10 years of the plan;
- Average Enterprise Bargaining Agreement (EBA) Movements of 3.4%, based on current EBA's for inside and outside staff;
- Rate increases for financial sustainability at 3% above CPI;
- Area growth of 0.5% per annum;
- Power and Water charges increasing at 1.2 times CPI movement;
- Spending on parts and consumables at approximate CPI plus 0.1% to allow for increased usage of services resulting from growth;
- Increase in expenditure on waste collection to match revenue increases at CPI plus growth;
- Spending on asset renewal (excluding Transport Infrastructure) in line with existing IAMP's or at about estimated needs;
- Spending on renewal of Transport Infrastructure increasing at 7% per annum with program acceleration increases (also indexed at 7% per annum) of \$830k in 2014/15, \$1.1m in 2017/18, \$220k in 2018/2019, \$330k in 2019/20, \$40k in 2020/21, and \$300k in 2022/23. This strategy results in approximately an additional \$19m being invested in renewal of transportation infrastructure over the 10 years of the plan;
- Council been awarded Government funding for the Walk the Yorke project on a dollar for dollar basis and expenditure is scheduled in 2013/14 (\$800k), 2014/15 (\$1.086m) and 2015/16 (\$800k) as required by the terms of the grant funding agreement for the project.
- Spending on other new assets is at about 2012/13 levels of approx. \$2.3m pa plus an average increase of 5.5% per annum;
- No other new additional services or increase in existing service levels.

The following tables outline the assumptions that have been built in to the projection model.

Operating Income

Rates

Rates includes revenue from General Rates, Service Charges (Refuse Collection), National Resource Management Levies collected on behalf of State Government, CWMS and Water service charges, fines for late payment and incorporates rebates available for each category.

The Rate Revenue increase shown in the tables is the average increase and actual changes to rates may vary dependant on valuations and other criteria. The Revenue line in the LTFP also includes an allowance for growth currently estimated at 0.5% p.a. based on trends over the past 2 years.

Statutory Charges

Statutory Charges are fees related to the regulation of activities including Development Applications (set by State Government), Animal Registration and various Licence Fees.

Statutory charges have been reviewed for 2013/14 based on historical levels and increases at estimated CPI are expected from year 2 of the LTFP.

User Charges

This category of income consists of fees for recovery of service delivery costs and income from Caravan Parks operated or leased by Council.

User charges, including caravan park income is expected to increase in line with CPI movements.

Grants & Subsidies

The primary components of this category are constituted of Local Government Grants Commission grants and grants for projects such as Foreshore Protection and Tourism projects. Roads to Recovery Grants (RTR) and Walk the Yorke project funding are not included in this category but are shown as Grants Received Specifically for New/Upgraded Assets.

Grants Commission Grants in the LTFP are predicted to increase at a rate of 2% per annum until end of 2015/16 and thereafter expected to increase in line with CPI.

Other Grants available to Council are expected to increase by CPI for the 10 years of the projection.

Grants Received Specifically for New Assets

RTR Income has been included for the 10 years of the LTFP and has been assumed to increase in line with CPI.

Walk the Yorke contributions are recognised in 2013/14 (\$400k), 2014/15 (\$543k) and 2014/15 (\$400k).

Investment Income

Investment Income included in the LTFP is reflective of projections of cash available for investment and investment rates are in line with current trends experienced in the past 2 years. Council's Treasury Management Policy ensures available funds are managed on a regular basis to maximise returns. Adjustments made in the 2013/14 budget reflect recent falls in interest rates.

Reimbursements

This category includes reimbursements by Community Groups; Sporting Clubs and individuals for expenses incurred by Council on their behalf and on-billed. This category also includes any amounts charged for Private Works performed by Council.

Reimbursements in the first year of the LTFP are expected to increase significantly with the cost of water playing a significant part. Reimbursements from year 2 of the LTFP are expected to be in line with CPI.

Other Revenue

Includes income from minor sundry activities.

Other income is expected to increase equivalent to CPI over the 10 years of the LTFP.

Operating Expenses

Employee Costs

Includes all labour costs inclusive of salaries, wages, superannuation, leave entitlements and workers compensation insurance.

Costs in this category are based on staffing levels at the time of development of the LTFP and do not contain specific allowances for increases in staff numbers over the life of the LTFP.

Increases are projected at the average of current Enterprise Bargaining Agreements (EBA) with an allowance of approximately 0.2% for reclassifications and "annual" award service increases.

Materials, Contracts and Other Expenses

Material costs in this category include road making materials, water, fuel, electricity, and office consumables: Contracts includes payments to outside entities for provision of services to Council including Waste Management Services. This category also includes payments to consultants and legal fees incurred by Council.

Over the 10 years of the LTFP:

- Water charges increasing at 1.2 times CPI;
- Power charges increasing at 1.2 times CPI;
- Materials have increased across the term of the LTFP by CPI plus 0.1% to allow for increased usage of Council assets due to area growth;
- Waste Management costs, have been increased at CPI plus 0.5% growth across the full term of the LTFP;
- Insurance, legal expenses, grants to Progress Associations, operating lease rentals and general contractors are expected to increase in line with CPI;
- No specific increase has been included to provide for Carbon Tax impact and may require assessment at a future date when more information is available to Council.

Finance Costs

Finance Costs include interest on borrowings and bank charges.

Finance costs are based on forecast rates contained within the model and are based on applicable rates for existing loans and reflective of reductions achieved with Council's decision to change its banking provider following an open tender in 2012/13.

Depreciation

Depreciation is an accounting charge to Operating Expenses showing the rate of consumption of Council's infrastructure, buildings, plant and equipment and other fixed assets and is effectively a provision for replacement of these assets at the optimum estimated time to support the provision of current Council services.

Depreciation in the LTFP is calculated based on best estimates of consumption of Council's assets over their useful lives. The estimate is also reflective of existing Asset Management Plans, advice taken from senior Council officers and the strategic decision taken by Council to increase renewal expenditure on assets and the reduction forecast in spending on new assets.

Depreciation on transport infrastructure was reviewed during 2012/13 and depreciation levels were reduced based on re-assessments of useful lives and the introduction of residual values for assets undergoing renewal.

Treasury Management Strategy

Financing forecasts in the LTFP have been made with consideration of Council's current Treasury Management Strategy.

"Council's operating and capital expenditure decisions are made on the basis of:

- *identified community need and benefit relative to other expenditure options;*

- *cost effectiveness of the proposed means of service delivery; and,*
- *affordability of proposals having regard to Council's long term financial sustainability (including consideration of the cost of capital and the impact of the proposal on Council's Net Financial Liabilities and Interest cover ratios¹.)*

Council manages its finances holistically in accordance with its overall financial sustainability strategies and targets and will:

- *apply any funds that are not immediately required to meet approved expenditure (including funds that are required to be expended for specific purposes but are not required to be kept in separate bank accounts) to reduce its level of borrowings or to defer and/or reduce the level of new borrowings that would otherwise be required."*

Strategic Rating Policy

General Rates

Rates are Council's main source of income. They are used to provide the funds to deliver services and maintain infrastructure required by the community.

Rates are a form of property taxation and property values play an important part in determining how much each individual ratepayer contributes. As it is a system of taxation, the rates paid may not directly relate to the services used by each ratepayer. Generally, the higher the value of the property the higher the rates paid.

Along with most other Councils, we use capital value to value all properties. Capital value is the value of the land and all improvements.

In determining how rates are applied, we use a differential rating system with a fixed charge. Differential rates allow us to set a different rate depending on the use to which the land is put - whether it be residential, commercial, primary production, etc. A fixed charge is a fixed, or flat amount, that all ratepayers have to contribute to equally. Differential rates are calculated on top of a fixed charge.

In addition to General Rates, as described above, Council will use its rating powers to raise the following rates and charges.

Waste Collection & Recycling Service Charge

This service charge is charged to recover the cost of providing the Waste Collection & Recycling service. Council charges a set amount per property. Council calculates one service charge for properties entitled to receive a two bin service and another for those properties entitled to receive a three bin service.

This service charge is subject to a specific provision of the Local Government Act and Council has been required to introduce a system that calculates the amount

payable by residents outside town limits depending on the distance of their property access point to the nearest collection point.

The two bin service charges have been re-aligned based on the following distances from collection points:

- | | |
|--------------------------------|---|
| • Within 500 metres | 100% of declared charge |
| • 500 metres to 2 kilometres | 75% of declared charge |
| • 2 kilometres to 5 kilometres | 50% of declared charge |
| • Outside 5 kilometres | No service unless negotiated with Council |

Natural Resource Management Levy

Council is required to collect an amount each year which is paid to the local Natural Resource Management Board. Council are informed each year of the amount to be collected. Council uses the capital value of properties to determine a rate-in-the-dollar for the NRM Levy.

Community Waste Management Scheme (CWMS) Service Charge

Council operates a number of CWMS schemes which provide a community effluent or sewerage scheme to properties. Council calculates a service charge each year to cover the cost of operating and maintaining and replacing equipment for all the schemes. A different service charge is set each year for occupied and unoccupied properties.

Water Scheme Service Charge

Council operates a number of Water schemes throughout the district. Council calculates a service charge each year to cover the cost of operating and maintaining and replacing equipment for all the schemes. In addition to a service charge properties are charged for their water use.

Rate relief

For ratepayers who may have difficulty paying their rates Council has a number of schemes to assist people who find themselves in this circumstance. Council provides:

- Rate capping scheme;
- Postponement of rates scheme;
- Negotiated repayments.

Significant Long Term Financial Plan Risks

The YPC Draft Long Term Financial Plan has been constructed based on a set of assumptions which reflect current trends as best interpreted by Council. Any of these assumptions may change due to influences beyond Council's control and place significant pressure on Council to achieve its stated objectives.

Given the 10 year timeframe of the LTFP, changes in these assumptions are almost certain at some time over the journey, As such the LTFP will demand constant updating and Council will undertake to keep the LTFP up to date with quarterly reviews following budget reviews required under Local Government Regulations.

Within Local Government there are many factors that could have significant impact on forecasts such as legislative changes, changes in economic conditions which may impact CPI and growth estimates, major events that may have significant consequences within the Council area of operation.

Changes in community expectations of Council in regard to services provided and new services required also presents significant risk in relation to the LTFP objectives which Council will monitor this via its stated strategy to not introduce changes to services, or add new services, without reference to their impact on the LTFP.

While Asset Management Plans address replacement of core assets based on expected useful life estimates there is always the risk that deterioration of these assets may be quicker or slower than expected due to changes in factors impacting on the particular assets. There is also the chance that major replacement programs could be disrupted by shortages within the skilled workforce or abnormal weather conditions.

Asset Management Plans and the LTFP assume that at least current levels of funding for renewal of assets from both State and Federal Governments will continue across the term however any change to these arrangements would also threaten the basis of the projections.

A further risk is presented with the replacement of Elected Members at elections every 4 years. Council is confident that continuity in this regard can be achieved through close monitoring and regular financial reporting together with the proposed quarterly reviews of the LTFP.

1. STREET NAMING - YORKETOWN (File Ref: 9.24.1.1)

INTRODUCTION

The purpose of this report is to seek Council's endorsement pursuant to Section 219(1) of the Local Government Act 1999, for an appropriate street name for an existing unnamed road in Yorketown.

RECOMMENDATION

Pursuant to Section 219(1) of the Local Government Act, 1999, Council names the existing road running between Golf Road and Airport Road at Yorketown, Starr Road, by notice in the Government Gazette.

Comment

Allocating a name to the road is required so that numbers can then be allocated to the properties, thereby making it much easier and convenient for people, especially emergency services, to quickly find and identify properties.

The road running off the end of Golf Road running due north and abutting Airport Road, Yorketown is currently unnamed but has been signposted as "Road 05 Rd". Council staff consulted with residents and the Yorketown Historical Society in relation to the naming of the road and received 5 responses (copies attached).

Suggestions from representations included – Lakes End Road, Davies Road, Altman Road, Starr Road and Davis Road, with significant preference shown for Davies Road.

Generally the suggested names are in accordance with Council's Policy PO126 "Street, Road and Public Place Naming Policy" which provides name sources to be taken from the following;

- Aboriginal names taken from the local Aboriginal language;
- Early explorers, pioneers, and settlers;
- Prominent persons;
- Local history;
- Theme names such as flora, fauna, ships etc;
- War/casualty lists;
- Commemorative names.

Policy PO 126 also states "*Duplication of names in proximity to adjacent townships will also be avoided.*" and "*Similar sounding names (e.g. Paice, Payce or Pace Roads) within a township will be avoided where possible.*" It is noted that both Davies Road and Davies Tce. are in use at Port Victoria and there is an existing 'David Street' in Yorketown.

In consultation with the Rates and Assessment staff, it is considered that 'Davies' and 'David' are too similar and may cause confusion, similarly there is also a "Lakes Road" and 'Tubs Lake Road' in Yorketown and the suggested name of 'Lakes End Road' is not appropriate as it may also cause confusion.

After consideration of the suggested names and Policy PO 126, staff supports the use of 'Starr Road' in recognition of the late Mr. Verne Starr and his lifelong dedication to Yorketown as the preferred name.

A plan detailing the road in question is attached hereto.

Dear Michael

Road Names Yorketown

I refer to your letter of 1st August 2013.

I apologise for the delay in replying, which is due to Yorketown Historical Society only meeting every second month.

With reference to renaming the road currently known as Road 05 Road, we would like to submit the following two names associated with this area for consideration, along with those already notified:

1. Starr Road – named after the late Mr Verne Starr, to recognise his life-long commitment to Yorketown.
2. Davies Road – a tribute to the Davies family who were landowners in the vicinity for perhaps 100 years.

We trust that a suitable choice will be made after the public consultation process.

Yours sincerely

Lesley May

Dear Allan,

I refer to your letter of 28th November 2013, (ref: 5427-2013-4).

I apologise for my slow response, but if it is still not too late (or presumptuous of me) I would like to propose the name "Altman Road".

The rationale for my suggestion is that my wife and I will shortly become the first residents along this road. It is my understanding that no-one has lived along this part of the roadway previously. (Plans to build our home on Lot 17 have been recently presented to Council by Country Living Homes of Moonta).

It may be relevant to know that I am a well known person, e.g. see:

https://grants.innovation.gov.au/SciencePrize/Pages/Doc.aspx?name=previous_winners/PM2009Altman.htm

If another road name has already been decided by Council would you please inform me of that name so that I can effect a search, (via Telstra etc), to find out what technology (if any) such as landline telephone and/or internet services are currently available.

Thank you in anticipation.

Kind regards,

Len Altman

Hi Allan

Further to the letter from the DCYP regarding the naming of the un-named rural road and our discussion please find that adjoining property owner Patrick J Thomson highly recommends the name of DAVIES Road.

This is in support of the previous land owners of the adjoining land to the Eastern side of the said road both on the Northern side and southern side of GB Sherriff Road being very long standing and highly respected locals to the area known as Mr & Mrs Edgar " DAVIES."

The properties that they owned were previously known as Section 505 to the South Eastern and Sections 517 and 518 on the North Eastern side of GB Sherriff Road as I am sure that your records would indicate.

If you wish to discuss this matter further please do not hesitate to contact me on behalf of Patrick Thomson.

Cheers & regards

Attention: Allan G Cotton
Your Ref No: 5427-2013-4

Dear Allan,

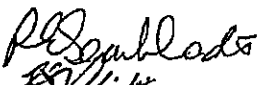

In relation to your letter regarding the renaming of Road 05 Rd.

We would like to see this road named after the Davies family who were landholders in this area for many years. In fact our plot is part of their land.

You have in your letter the name Davis, but since we have been in Yorketown almost 39 years, the family have always been known as Davies. Perhaps many years ago they were known as Davis, but if the road were to be named Davis Rd no-one would relate it to the family nowadays.

So as stated above we think it would be appropriate that the road be named Davies Rd.

Yours faithfully,

DEAR MR COTTON,

RE: ROAD NAMING.

IN LOOKING AT THE PHYSICAL ASPECTS OF THIS ROAD, ONE ENDS AT A SALT LAKE FROM WHICH EVER WAY IT IS NAVIGATED. THEREFORE, NAMING IT LAKES END ROAD WOULD BE MOST APPROPRIATE.

THANK YOU FOR CONSIDERATION.

2. SWIMMING POOL LEGISLATION AMENDMENTS (File Ref:9.24.1.1)

INTRODUCTION

To inform Elected Members of recent amendments to swimming pool safety legislation and to obtain endorsement of proposed amendments to Council's Building Inspection Policy to comply with the legislation.

RECOMMENDATION

That Council:

1. endorse and adopt the amended Building Inspection Policy PO009.
2. approve an amendment to the fees & Charges Register to include the new \$170 swimming pool development application fee.

COMMENT

On 19 December 2013 the South Australian Government Gazette published the Development (Swimming Pool Safety) Variation Regulations 2013 (copy attached). These regulations make variations to the Development Regulations 2008, including prescribing minimum inspection targets, new mandatory notification stages, new expiation fees and new development application fees for swimming pools.

Please note within this report any reference to a swimming pool typically includes a spa pool, safety fence and safety barrier.

Inspections

Minimum inspection targets have been set at 100% - 80% within 2 weeks of receiving notification of completion and the remaining 20% within 2 months of receiving notification of completion. These inspection targets come into operation on 1 April 2014.

Subsection 7 of section 71AA of the Development Act prescribes "the regulations may require a Council to establish a swimming pool inspection policy that complies with any requirements prescribed by the regulations". The new regulation 76D(4a) prescribes "For the purposes of subsection 7 of section 71AA of the Act, a council must establish a swimming pool inspection policy."

To ensure the legislation is being complied with, Council's Building Inspection Policy has been amended (copy attached) to comply with these new swimming pool inspection targets and the legislation.

Additional training will be undertaken by staff to ensure inspections are undertaken appropriately.

Fees

A new development application fee of \$170 has been added to Schedule 6 of the Development Regulations 2008 to apply to applications for new swimming pools. Council's Fees & Charges Register needs to be updated to include this statutory fee. This fee came into operation on 1 January 2014.

Notifications and Expiations

New mandatory notification stages have been added to regulation 74 of the Development Regulations 2008; being at the completion of a swimming pool (prior to the pool being filled with water), the completion of a safety fence or barrier, and the completion of other forms of building work where swimming pool safety features are relevant.

Failing to provide these notifications to Council is an offence, maximum penalty of \$2500 and expiation fee of \$210.

There is a life-safety risk inherent to swimming pools and the new legislation places a greater duty of care on Council. To duly discharge Council responsibilities by performing inspections on swimming pools in our area, notifications need to be provided.

COUNCIL POLICY

Building Inspection Policy

Policy Number:	PO009		
Strategic Plan Objective	Organisational Efficiency & Resource Management		
Policy Owner:	Chief Executive Officer	File Number:	3.63.1
Responsible Officer:	Governance Officer	Minute Reference:	
Date Adopted:		Next Review Date:	January 2017

1. POLICY OBJECTIVES

- 1.1 To provide an inspection service for buildings under construction within the Yorke Peninsula Council in accordance with legislative requirements and in line with available human resources.
- 1.2 To ensure building work within the Yorke Peninsula Council is of a high standard.
- 1.3 To ensure that there is a high degree of compliance with Development Approvals within the Yorke Peninsula Council.

2. SCOPE

This policy sets out how Council's specialist inspectorial resources are to be managed to ensure legislative compliance and achievement of the outcomes expressed in the Strategic Plan.

Council's policies are guided by principles of sustainability, good governance, advocacy, regulations and service provision.

This policy is based on a minimum approach to achieve the objective of an increase in consumer protection as required by the Development Act 1993 ('the Act').

The policy recognises that inspections relating to life safety, building fire safety, dangerous structures and building complaints will take priority over other inspections.

The policy recognises the inherent danger and increased risk to life and safety attributed to swimming pools, building with long span trusses and buildings containing large numbers of people (e.g. shopping centres, post-disaster buildings and assembly buildings and the like).

This policy recognises that Section 59 of the Act provides that the Council is required to be notified at the following stages of building work:-

- 1 business days' notice of commencement of building work on the site.
- 1 business days' notice of the intended commencement of any stage of the building work specified by the Council by notice in writing to the building owner on or before development approval is granted in respect of the work;
- 1 business days' notice of the intended completion of any stage of the building work specified by the Council by notice in writing to the building owner on or before development approval is granted in respect of the work;

- 1 business days' notice of the completion of all roof framing forming part of the building work (apart from transportable buildings and Class 10 buildings not attached to the roof framing of another building of another Class);
- 1 business days' notice of the following:
 - The completion of construction of a swimming pool (before the pool is filled with water);
 - The completion of construction of a safety fence or barrier for a swimming pool;
- 1 business days' notice of completion of the building work.

In respect of inspections of buildings, the minimum standards of building health, safety and amenity are defined in the Building Rules pursuant to the Development Act 1993, which is consistent with a uniform set of standards adopted throughout Australia. This Policy does not set out to establish or vary requirements rather it seeks to ensure consistent achievement and implementation of those standards.

Issues related to enforcement of the Environment Protection Act are not covered by this Policy.

Issues related to public safety arising from activities for which a permit pursuant to the Local Government Act 1999 is required are not covered by this Policy.

3. POLICY STATEMENT

---------------------	---

Supervisors checklist	Means a checklist published by the Minister in the gazette for the purposes of Regulation 74.
------------------------------	---

3.2 Mandatory Notification Stages

With regard to Section 59 of the Act and the Principles outlined in Part 2 of this policy, Council requires a minimum one business days' notice at the following stages of building

In relation to Class 1 Buildings:

- Prior to the commencement of building work on the site,
- At the footing stage after reinforcement is laid and prior to the pouring of concrete,
- At the completion of all roof framing forming part of the building work(including top and bottom chord restraints, bracing and tie-downs),
- At completion of the building work and prior to occupation of the building.

In relation to Class 1 Transportable Buildings:

- Prior to the commencement of building work on the site,
- The intended pouring of the transportable building's concrete tie-down piers,
- At completion of the building work and prior to occupation of the building.

In relation to Class 10 buildings:

- Prior to the commencement of building work on the site
- At the footing stage after reinforcement is laid and prior to the pouring of concrete,
- At completion of roof framing where the structure is attached to the roof framing of another building,
- At completion of the building work and prior to occupation of the building.

In relation to Class 2 – 9 buildings

- Prior to the commencement of building work on the site.
- At the footing stage after reinforcement is laid and prior to the pouring of concrete,
- At the commencement of any fire walls and/or smoke barriers,
- At the completion of all roof framing forming part of the building work(including top and bottom chord restraints, bracing and tie-downs),
- At the completion of the building and prior to occupation of the building.

In relation to Swimming Pools

- Prior to the commencement of building work on the site,
- At the completion of construction of a swimming pool (before the pool is filled with water),
- At the completion of construction of a safety fence or barrier for a swimming pool,

Authorised Officers will actively pursue notifications for inspections and shall, after reasonable warning and at the discretion of the Department Manager, issue expiation notices for building work undertaken without mandatory notification being provided to Council.

3.3 Building Audit Inspections:

Authorised Officers shall make their best endeavours to inspect building work within 48 hours of being notified of a mandatory inspection stage and shall over a period of 12 months endeavour to achieve the following minimum inspection rates;

Class of Building	inspection rate %	Comments
1 ¹	66	involving the construction of roof framing where a licensed builder is responsible for building work.
1 ¹	90	involving the construction of roof framing where no licensed builder is responsible for building work.
1	10	Transportable Buildings – i.e. constructed off site.
10	90	Structures where the roof framing is attached to the roof framing of another building of another class where no licensed builder is responsible for the building work.
10	60	Structures where the roof framing is attached to the roof framing of another building of another class where a licensed builder is responsible for the building work.
7 - 8	10	Portal Frame buildings.
2 – 9	90	excludes Class 7 & 8 Portal Frame buildings.
10	100	Swimming pools and safety barriers. Minimum of 80 % to be inspected within two weeks of receiving notification of completion. Remaining to be inspected within 2 months of receiving notification of completion.
10	10	Structures not otherwise captured above.

Note ¹ : Excludes transportable buildings

Authorised Officers will carry out Audit Inspections at one or more of the mandatory notification stages and if the level of supervision by the builder is deemed satisfactory, further inspections may not be carried out.

3.4 Other Building Inspections:

Council Buildings

- All stages of construction.

Fire Safety

- Assist the Building Fire Safety Committee to carry out its functions as required.
- Carry out initial assessment on receipt of a complaint (with later referral to the Building Fire Safety Committee).

Dangerous Structures

- As required.

Dams and Similar Earth Structures

- Are considered to be of a specialist nature and outside the qualifications of Council's Authorised Officers.

Complaints and Customer Service Inspections

- Authorised Officers continue to provide onsite inspections to assist in queries from the general public.
- Authorised Officers continue to provide follow up inspections on receipt of complaints from the general public.

3.5 Notes

Each mandatory notification stage shall be noted on the Decision Notification Form.

A copy of the notification received from the builder shall be placed in the development file and if such notification is carried out over the phone, the officer taking the phone notification shall place a note in the file describing the details of the notification, including the notification stage, name of the person providing the advice, development application number or site address, date and time of notification.

Each inspection completed shall be recorded in the development file.

3. BUILDING FIRE SAFETY COMMITTEE

(File Ref: 9.24.1.1)

INTRODUCTION

The purpose of this report is to keep Elected Members up to date with the activities of the Yorke Peninsula Building Fire Safety Committee.

RECOMMENDATION

That Council endorse all actions of the Building Fire safety Committee undertaken during the 2013 calendar year.

Comment

Council has previously resolved to form the Yorke Peninsula Building Fire Safety Committee pursuant to Section 71(19) of the Development Act, 1993.

The role of this committee includes the following:-

- Develop appropriate building fire safety policies.
- Scrutinising the fire safety of building s that have been identified as having inadequate fire safety provisions.
- Issuing Notices of Fire Safety Detection to building owners, which identify fire safety provisions that need to be upgraded to an extent that provides a reasonable level of safety for occupants.
- Forwarding information on Section 71 fire safety notices to Council administration for Section 7 enquiries (made by vendor when a building is available for sale or lease).
- Where appropriate, negotiating a cost effective performance solution with a building owner to reduce fire safety risks to an acceptable level.
- Issuing Notices of Building Work Required, which schedule prescribed building work that must be carried out in order to raise the building fire safety to a reasonable level of safety.
- Initiating enforcement or other action to ensure a building owner complies with a Notice of Building Work required, and
- Revoking or varying fire safety notices when appropriate.

To be eligible as a Committee Member, persons are required to hold formal qualifications under the Development Act, 1993.

The Membership of the Committee is –
