2014–2015 ANNUAL BUSINESS PLAN

Integritz, Innovation, Sustainable, Engaged

Our Vision To be a thriving peninsula, proud of our heritage, lifestyle and diverse, vibrant communities. A great place to live, work and play.

Agriculturally rich~Naturally beautiful

Message from the Mayor

The Annual Business Plan has been prepared to provide the community with a picture of the proposed projects the Yorke Peninsula Council aims to achieve in 2014/2015. This planning process provides an opportunity for community involvement in identifying priorities for Council projects and services for the forthcoming financial year.

The Annual Business Plan for 2014/2015 has been prepared using the adopted Long Term Financial Plan (LTFP) as a guide and a key focus is to inject an additional \$3 million over the next two financial years to accelerate renewal of road infrastructure along with an additional \$3 million on the proposed renovation and expansion of the Maitland Principal Office, via low interest loan borrowings of \$6 million. The Council's current debt levels are very low and with interest rates at the current level it is timely to take this action.

Some key projects that have been included in the Annual Business Plan for 2014/2015 are:

- Capital expenditure on renewal of unsealed (open surface) Council roads estimated at \$3.507 million;
- Capital expenditure in sealing of current unsealed (open surface) roads \$620,000, including \$327,000 for the Clinton Road development project;
- Continuation of the "Walk the Yorke" Project \$1.1 million with 50% grant funding from Australian Government;
- Continued upgrade and development of Community Wastewater Management Systems (CWMS) \$270,000;
- Caravan Parks upgrade and renewal of facilities \$159,000;
- Capital expenditure on Halls \$92,000;
- Stormwater Management \$195,000;
- Development of cemeteries, including funds to evaluate options in Port Vincent which has no further burial vacancies \$80,000.

Council has finalised the Elector Representation Review in accordance with the requirements of Section 12 of the Local Government Act 1999 and as a result there will be a slight alteration to the southern boundary of Kalkabury Ward and the locality of Hardwicke Bay to more evenly distribute electors.

2014 also is a year where Council Elections will be held with nominations closing in early September for the new Council term from November 2014 to November 2018.

Council is always mindful of the balance required to deliver community expectations whilst ensuring financial sustainability.

Council encourages community engagement in the Annual Business Planning Process and looks forward to receiving your feedback.

I commend the Annual Business Plan 2014/2015 to you.

Introduction

The development of Council's Annual Business Plan is an important part of our planning process. It links the Strategic Plan 2012 - 2015 with the budget planning process. This assists Council to achieve its goals whilst ensuring the best possible mix of services, infrastructure and facilities for its communities.

This year's budget development has been measured against the adopted Long Term Financial Plan (LTFP) whilst recognising the requirement for increased road infrastructure renewals and the expansion and renewal of the Principal office at Maitland.

The decision by the Federal Government to cease Financial Assistance Grants (FAG's) Supplementary Road Funding for South Australia from 1 July 2014 has cut \$18m in funding from local government in SA. The Federal Government also announced its intention to freeze all FAG's General Purpose Grant Funding at 2013/14 levels for the next 3 financial years – 2014/15, 2015/16 and 2016/17. These decisions have impacted significantly on Council's 2014/2015 budget.

The net result for Yorke Peninsula Council is a reduction of \$447,557 in anticipated revenue for the 2014/15 financial year. (\$365,273 Supplementary Road Funding and \$82,284 General Purpose Grant Funding).

The 2014/2015 budget however still looks to ensure Council's spend on renewal of existing assets is the primary focus in provision of service levels to the community.

In the 2014/2015 budget, over \$3.5m is allocated to renewal of transportation infrastructure and over \$987k on the renewal of plant and machinery. In addition, \$130k has been allocated for renewal of storm water and CWMS systems.

Expenditure on new assets, other than the planned office expansion, has been kept to a manageable level at \$2.746m.

The exciting Walk the Yorke project expenditure totals \$1.1m (of which \$550k is secured from grant funding) and makes up a significant portion of the budget allocated to new assets.

Council has considered its current Transportation Infrastructure renewal program and has taken the view that acceleration of that program is needed. A total of \$3.507m (\$2.414m in 2013/14) is to be invested in the renewal program with accelerations of \$2.0m above current program forecasts planned for the 2015/16 financial year.

In addition Council has undertaken a review of its current office accommodation and has agreed that improvements are necessary to provide quality, cost-effective, modern and accessible facilities to meet the growing needs of its community and staff.

Based on a number of opportunities and limitations, Council has considered its Principal Office at Maitland as the preferred location for a proposed office expansion to ensure that it can continue to operate efficiently, and effectively serve our community, now and into the future, whilst allowing for future growth of office space for the next 15 years.

Further detail in regard to this project is supplied in the "Principal Office Proposed Expansion Project" brochure as an addendum to the Annual Business Plan.

Should the Annual Business Plan be adopted, it is anticipated that loan borrowings of \$6.0m, at a fixed interest rate over 15 years, will be primarily used to fund both the road renewal program acceleration and the office expansion project. Council's very low current debt levels (forecast at \$1.587m at 30 June 2014 excluding community loans) together with very low current fixed interest rates available, facilitates this initiative whilst ensuring risks to the Community are minimised.

The Long Term Financial Plan has been revisited to ensure that Council's long term financial aspirational targets are achieved.

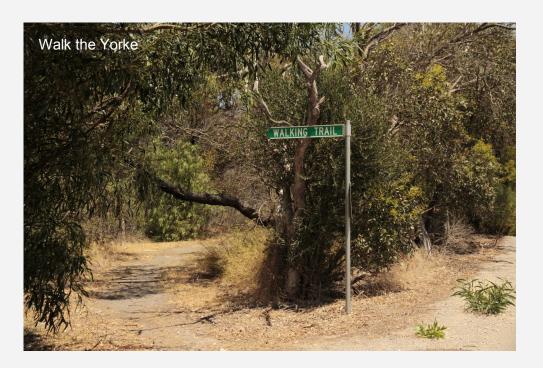

Council as a separate process will also consider, in the future, the sale of vacant land at Maitland, Balgowan and Yorketown, which could realise in excess of \$2million over the coming years. Further information on projects is detailed in later sections of the Plan.

Introduction

Council has overall committed a total of \$11.243m in capital expenditure, the highlights of which include:

- \$3.507m for renewal of unsealed local roads;
- \$620,000 in sealing of current unsealed roads, including \$327,000 for the Clinton Road development project;
- \$175,453 for resealing of Council roads;
- \$1.1m to establish walking trails and facilities for the Walk The Yorke project (50% grant funded)
- \$1.0m to upgrade current Maitland office facilities;
- \$2.0m to extend the Maitland office to provide suitable accommodation for current Council staff and provide future expansion capabilities;
- \$986,000 (\$874,000 net after trade in allowances) for Plant & Machinery renewals and \$205,000 for the purchase of new plant and equipment;

- \$358,000 (\$191,000 net after trade in allowances) for the replacement of Council vehicles;
- \$270,000 for the continued upgrade and development of CWMS systems;
- \$195,000 for the continued improvement of storm water management;
- \$92,000 for the restoration and development of Town halls throughout the district;
- \$78,000 on essential IT infrastructure;
- \$71,000 on essential system updates including town planning, disaster recovery and GPS software
- \$80,000 on development of cemeteries including funds to evaluate options in Port Vincent which has no further burial vacancies;

Our Vision and Strategic Goals

Our Vision

To be a thriving peninsula, proud of our heritage, lifestyle and diverse, vibrant communities. A great place to live, work and play.

<u>Our Strategic Plan — Key Themes</u>

Sustainable Communities

Sustainable Infrastructure—delivering and facilitating the provision of Infrastructure that is sustainable and supports our growth.

ProgressiveandSustainableDevelopment—providing a Development Planthat facilitates growth whilst safeguarding ourenvironmental assets and community lifestyle.

Our Economy—encouraging and supporting a strong diverse economy that will provide employment opportunities for our community, including our youth.

Economical Growth through Sustainable Industrial Development—managing the impact of major industry growth on Council assets and resources while at the same time enabling maximum benefit to our community.

Corporate Governance and Leadership

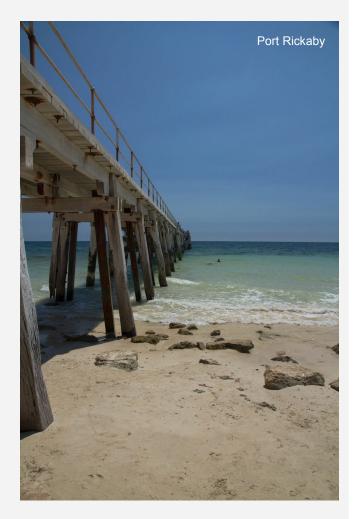

ProgressiveCommunitiesthroughStrategicPlanning—informeddecisionmaking;settingthedirectiontocurrent and futureneeds of our communities.

Organisational Efficiency & Resource Management—delivering efficient and effective services through strategic leadership of our people.

Community Engagement

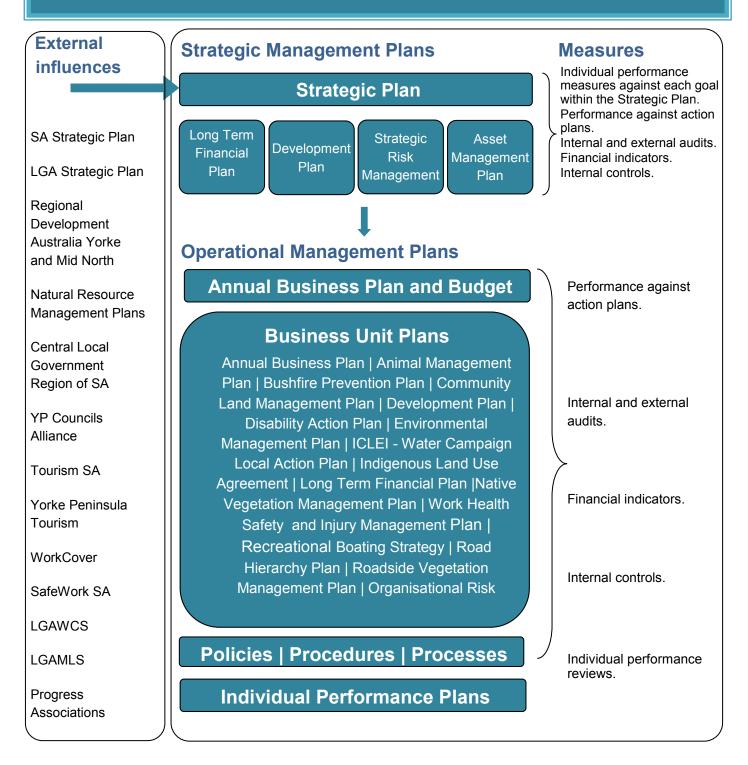

Vitality and Connection—encouraging optimistic and thriving communities through positive participation in community life.

Sense of Ownership—facilitate a sense of community ownership through public participation and authentic communication with our community.

Corny Point

Strategic Planning Framework

The Strategic Plan has been developed in consultation with our communities and stakeholders. It guides Council activities at the highest level, outlining our priorities, and what Council needs to do over the next four years to achieve its goals.

The Annual Business Plan has been developed based on the goals and activities outlined in the Strategic Plan. This process ensures that the Strategic Plan goals will be achieved over the period of the plan.

Influences and Priorities

Current Economic Environment

In developing the Annual Business Plan, Council has identified pressures and potential impacts on its financial performance and budgeting.

Funding levels from both State and Federal Governments continue to decrease; the exception being the grant funding for the Walk the Yorke project.

In particular the cessation of Supplementary Road Grants in the Federal Budget will impact local government in South Australia significantly, with approximately \$18m no longer provided in funding -Yorke Peninsula Council will see cuts in this area of around \$365,000 per annum. The Federal Governments decision to also freeze General Purpose Grants at 2013/2014 levels for the next 3 financial years will mean a further reduction of anticipated funding of approximately \$82,000 per annum.

Similar to 2013/2014 Local Government cost increases continue to be above the general consumer inflation rate.

The economy continues to be negatively affected by ongoing uncertainty and instability of global financial markets. The decrease in the local economy has not seen a corresponding reduction in costs. Some services, for example waste transfer stations, are expected to increase. Costs incurred for water and power continue to increase proportionally higher than CPI with Council investigating strategies to control these.

Cost pressures for requirements relating to legislation, industry and accounting standards also continue to increase. These include:

- Fire prevention in Council owned caravan parks
- valuation of building assets;
- Condition assessments of CWMS systems;
- Road infrastructure evaluations.

Budget Strategy

The Long Term Financial Plan (LTP) will continue to direct future Annual Business Plans. The key goal of the LTFP is to ensure that Council is in a position to continue to provide services, without dramatically increasing the cost of those services.

It assumes:

- Minimal change in the level or number of services provided;
- A "Financial Sustainability" increase in general rates to existing ratepayers of 3% above CPI from 2014/2015 to align Council's rating levels with the Local Government average;
- Increased spending on asset renewals to ensure Council maintains current service levels to the community;
- Spending on new assets in line with the "limited new services" strategy of the LTFP.

Setting the Rates

Rates of all types continue to be the major source of operating income for Council making up approximately 73% (69% in 2013/2014) of operating income.

Each year the impact of rates increases is reviewed in line with Council's strategic plan. In 2014-15 the income from general rates from existing ratepayers will increase by 6.2%.

The structure of the rating system will remain the same as 2013-2014:

- Continued use of a fixed charge;
- Differential rates for various land use categories have been maintained, retaining a similar percentage of total revenue for each category whilst allowing for any growth;

• A comprehensive set of rebates.

A detailed explanation of the rates structure is described later in this Plan. Hardwicke Bay

Delivering the Strategic Plan

1. SUSTAINABLE INFRASTRUCTURE

1.1 Provide infrastructure assets that are sustainable & safe

Key Actions to achieve our goal

Advocate and work with the State Government to improve the quality of arterial roads on Yorke Peninsula.

Our Performance measures

Develop and implement a rationalisation Rationalisation program developed and program for identified roads. Rationalisation program developed and implemented for identified roads by 2015.

1.2 Effective expansion of water and power supplies

Advocate service providers and other authorities Ongoing - Number of initiatives to improve to maintain and improve water and power water and power infrastructure delivery.

3. OUR ECONOMY

3.1 Sustainable economic growth

Key Actions to achieve our goals	Our Performance measures
Work in partnership with Yorke Peninsula Tourism and the Regional Development Australia Yorke and Mid North to identify ways Council can support tourism and business growth.	o o i
Identify and support initiatives for tourism related development including indigenous communities.	Ongoing - Number of joint initiatives that support the development of indigenous tourism.
Partner and build positive relationships with YP Tourism, Regional Development Australia Yorke and Mid North, government agencies and other key stakeholders.	initiatives for economic development.

3.2 Increase access to employment opportunities for our communities

Work with Regional Development Australia Yorke and Mid North and major industries to undertake a study to identify skills required to support business needs.	Ongoing - Number of joint initiatives opportunities identified.
Support training and skills initiatives of the Yorke Region Employment and Skills Formation Network that will enhance skills required in tourism, agriculture and business.	Ongoing - Number of joint initiatives developed that will enhance skills, development in tourism, agriculture and business.

4. ECONOMIC GROWTH THROUGH SUSTAINABLE INDUSTRIAL DEVELOPMENT

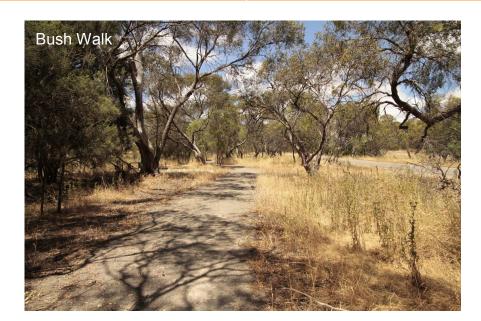

4.1 Manage the impact of major industry and business growth on Council assets and Infrastructure

Key Actions to achieve our goals	Our Performance measures
Work with major industries and businesses in developing strategies to facilitate improvement to roads, drainage and other Council infrastructure required to support major industry.	U U U
Identify the financial resources required to manage the increased costs associated with the establishment of major industry within the district.	required identified based on market pressures

Operating Budget

Operating Income

The 2014-2015 Budget provides for operating revenue to decrease from \$25,980,000 (2013/2014 Adopted Budget) to \$25,976,000, due mainly to cuts to Financial Assistance Grants made in the Federal Budget and Special Roads Grants included in the 2013/2014 Adopted Budget but not received, .

Recurrent revenue streams of Council for 2014/2015 are demonstrated in the following table.

;	\$M	%	Туре	Description
	19.09m	73.5%	General Rates and Service Charges	General rates on properties as well as service charges (i.e. sewerage and refuse/recycling charges).
	0.45m	1.7%	· · · · ·	Fees and charges set by State Government regulation and received by the Council for regulatory functions undertaken such as assessment of development and building applications and dog control management.
	2.94m	11.3%	User Pay Charges set by Council	Charges for the Council's fee based facilities and services such as caravan parks, community halls, cemeteries.
	2.87m	11.1%	Grants and Subsidies	Council seeks to attract as much grant funding from other tiers of government as possible, thereby reducing the reliance on other revenue streams.
	0.62m	2.4%	Investment, Reimbursements & Other Income	Interest received on Council's internal cash reserves and deposits. Reimbursements for work undertaken and Other Income.

Operating Expenditure

The 2014-2015 Budget provides for operating expenditure to increase from \$28,791,000 (2013/2014 Adopted Budget) to \$29,536,000, an increase of 1.96%. Recurrent expenditures incurred by Council are demonstrated in the following table

\$M	%	Туре	Description	
7.67m	26.0%	Employee Costs	All labour related expenses such as wages and salaries, and on- costs such as allowances, leave entitlements and employer superannuation.	
5.62m	19.0%	Contractual	Payments for external provision of services.	
6.90m	23.4%	Materials & Others	Payments for physical goods such as water, fuel, energy, road materials, office consumables, stationery, insurances, postage, telephone, government levies, contributions and donations.	
9.15m	31.0%	Depreciation	Annual consumption of Council's fixed assets (e.g. infrastructure, equipment, buildings etc) over their useful lives.	
0.20m	0.6%	Finance Costs	Costs of financing Council's activities through borrowings or other types of financial accommodation.	

Total Expenditure

Breakdown of Expenditure by Function (excluding Depreciation)

The following table provides a detailed breakdown of Council's major expenditure for 2014/2015.

%	Function	Description	
10.7%	Road Maintenance	Expenses relating to the cost of maintaining Council's road network, including materials and labour related expenses.	
11.7%	Renewal of Roads	Expenses relating to the cost of redeveloping Council's road network, including materials and labour related expenses.	
2.2%	Sealing of Formed Roads	Expenses relating to the cost of resealing Council's unsealed road network, including materials and labour related expenses.	
6.9%	Community Asset Maintenance	General maintenance costs, including materials and labour related expenses.	
8.7%	Refuse Collection & Disposal	Contractual and local expenses, including materials and labour related expenses.	
8.9%	Capital expenditure on existing assets	Capital expenses relating to existing community assets, including materials and labour related expenses (excluding roads).	
4.3%	Caravan Park Operation	Expenses relating to the cost of running Council owned caravan parks, including labour related expenses.	
9.3%	New Assets	Capital expenses relating to the cost of providing new assets, including materials and labour related expenses (excluding roads & Walk the Yorke).	
3.4%	Development Services	Expenses relating to the cost of planning and development, including labour related expenses.	
2.2%	Community Support	Expenses relating to libraries, tourism and other community support programs, including materials and labour related expenses.	
3.9%	Finance and Corporate Service	Expenses relating to finance and corporate service administration, including labour related expenses.	
2.5%	CWMS and Water Schemes	Expenses relating to the cost of running water and waste-water management schemes, including materials and labour related expenses.	
3.9%	Governance	Expenses relating to governing the organisation, including organisational compliance, public liability insurance and Elected Member related expenses.	
2.3%	NRM Levy	A compulsory levy payable to the Northern and Yorke Natural Resources Management Board.	
2.6%	Information Services	Expenses incurred in providing information technology, including labour related expenses.	
3.3%	Executive Services	Expenses relating to Human Resources, Staff Training, Work Health & Safety, Risk Management and Internal Audit.	
1.0%	Asset Management	Asset Management Systems, Asset Management Plans & Asset Condition Assessments	
3.5%	Special Projects	Walk the Yorke Project - 50% Grant Funded.	

Continuing Services

All Councils have mandatory legislative responsibilities which include requirements pursuant to:

- Local Government Act;
- Development Act;
- Public Health Act;
- Work, Health & Safety Act; and the
- Natural Resources Management Act.

Responsibilities include:

- Regulatory activities, such as maintaining voters' rolls and supporting the elected members of Council
- Setting rates, preparing an annual budget and determining longer term strategic management plans for the area
- Management of basic infrastructure including roads, footpaths, parks, public open space, street lighting and storm water drainage
- Street cleaning and rubbish collection
- Development planning and control, including building safety assessment
- Various environmental health services
- Protection of natural resources
- Animal management

The Yorke Peninsula Council also provides further important services and programs to support the needs of the community, including:

- Library services
- Leisure Options
- Community Transport
- Recreational reserves
- Playgrounds
- Community events
- Camping reserves
- Boat ramps
- Beach access facilities
- Walking trails
- Cemeteries
- Civic and community halls
- Recycling facilities
- Tourist facilities
- Sporting facilities
- Fire prevention
- Support for youth services

Council will continue to re-evaluate all service areas to achieve service excellence.

Further information on Council's services can be found on the website <u>www.yorke.sa.gov.au</u>

Project & Capital Works Budget

Over the past four years Council has been developing Infrastructure and Asset Management plans. These plans identify costs required to ensure that assets will be able to be maintained in a sustainable condition over the long term. There will always be a community desire for the provision of new and upgraded assets, however it is important that priority is given to the replacement and renewal of existing assets.

Capital Works Program 2014-15	New/Upgrade	Renewal/ Replacement

Rating

Property rates are Council's main source of income. They are used to provide the funds to deliver services and maintain infrastructure required by the community.

Property value is the major determinant of how much each individual ratepayer contributes to general rates. Rates paid do not directly relate to the services used by each ratepayer. In general, the higher the value of the property the higher the rates paid.

Like most other Councils, Yorke Peninsula Council uses capital value provided by the State Valuer-General to value all properties.

In applying the principles of taxation, it is important that the five principles of taxation (equity, benefit, ability to pay, efficiency and simplicity) are balanced against the policy objectives of taxation that is the need to raise revenue and the effects of the tax upon the community.

In determining how rates are applied, Council uses a differential rating system with a fixed charge. Differential rates are applied depending on the use to which the land is put - whether it be residential, commercial, primary production, etc. The fixed charge is a declared amount all ratepayers contribute in addition to differential rates which are applied directly against property capital value.

The rate-in-the-dollar to be applied each year is determined during the annual budget process. Put simply, the differential rate is calculated by dividing the required rates income by the total rateable capital value for the Council area, after accounting for the total fixed charge contribution from all properties. During this process the impact on all sections of the community is carefully considered and adjustments are made to correct obvious inequities.

Based on the principal use of each property, Council rates properties in six different categories.

For the financial year 2014/2015 the rates determination looks like this:

Category	Revenue
Residential	\$8.313 m
Commercial	\$0.446 m
Industrial	\$0.062 m
Primary Production	\$4.503 m
Vacant Land	\$1.059 m
Other	\$0.145 m

In 2014/2015 general rates will increase by an average of approximately 6.2%. The rates payable for individual properties will vary from the average according to individual property valuations. For example, for a ratepayer with a residential property with a value of \$250,000, the increase is approximately \$53.80 and for a primary producer with a property valuation of \$750,000, the increase will be approximately \$110.25.

Fixed Charge

Council has set a fixed charge rather than a minimum rate for the 2014/2015 year. The fixed charge will be set at \$400.00 and will be levied uniformly on all non-contiguous assessments. The fixed charge is levied against the whole of an allotment (including land under a separate lease or licence) and only one fixed charge is levied against two or more pieces of adjoining land (whether intercepted by a road or not) if these are owned by the same owner. The reasons for imposing a fixed charge are:

- It is appropriate that all rateable properties make a contribution to the cost of administering the Council's activities;
- It is appropriate that all rateable properties make a contribution to the cost of creating and maintaining the physical infrastructure that supports each property; and
- A fixed charge system generally creates a lesser burden on lower valued properties than a minimum rate system would.

Waste Collection and Recycling

In May 2012 the State Government introduced regulations that determine how Council charges for its Waste Collection service based on distance from collection points. These regulations impact only on the rural 2 bin service offered by Council.

The regulations state that:

- A property which has a collection point within 500m of their primary access point will be charged the full service charge;
- Properties whose collection point is between 500m and 2km from their primary access point will pay 75% of the full service charge;
- Properties whose collection point is between 2km and 5km from their primary access point will pay 50% of their full service charge;
- Properties whose collection point is more than 5km to their primary access point will not pay a service charge unless a service is requested, and an appropriate service charge has been negotiated with Council.

For the purpose of the regulations a collection point is defined as the point on a waste collection route closest to the property's primary access point. The primary access point is defined as the same point as the rural property address for a property.

The service charge is set to recover the full cost of providing the Waste & Recycling Service.

The 3 Bin service is not offered to rural ratepayers. The annual charges for 2014/2015 will be:

Service	Distance from rural collection point	Charges \$
3 Bins	(Not offered to rural properties)	\$255.00
2 Bins	Within 500m	\$235.00
2 Bins	500m to 2km	\$176.25
2 Bins	2km to 5km	\$117.50

Natural Resource Management Levy

The Yorke Peninsula Council falls within the Northern & Yorke Natural Resources Management Board area and as such Council is required, pursuant to the Natural Resources Management Act 2004, to raise funds by way of a levy to assist in funding the operations of the Board. The levy is imposed as a separate rate upon all properties within the area of the Board.

Council remits all revenue collected under this Act to the Board.

The amount to be raised in 2014/2015 is to be \$738,463, increasing from \$723,524 in 2013/2014.

Any queries regarding the NRM Levy should be directed to:

Northern & Yorke NRM Board

Community Wastewater Management Schemes

Council operates 16 Community Wastewater Management Schemes (CWMS) that are situated in townships and holiday settlements throughout the district.

The income and costs of the schemes are regularly reviewed and Council's policy is to ensure that all schemes are financially sustainable.

The CWMS annual fees for 2014/2015 are \$450 for occupied properties and \$340 for unoccupied properties.

Water Charges

To enable communities to have access to a secondary water supply, Council maintains water supply schemes to three communities.

Service charges are raised each year to cover the cost of operating the schemes. In addition, charges for water usage are made.

For each water scheme, Council maintains a separate financial reserve to ensure that money received from the property owners, is only used for the water scheme for which they contributed.

Fees for the Water Schemes operated by Council for 2014/2015 are:

Location	2014-2015 fees
Black Point	\$180
Hardwicke Bay	\$180
Balgowan	\$140

Rate Capping

This opportunity provides relief when a ratepayer is levied an increase in rates greater than 17.5% (after considering other rebates) and ensures no ratepayer pays any more than a 17.5% increase on the previous year in rates. This rebate does not apply where:

- The increase is due to an increase in valuation as a result of improvements valued at greater than \$15,000 or due to a rectification of an "error of fact";
- The increase is a result of a change in land use;
- Ownership of the property has changed since 30 June 2013;
- The increase is applicable to land use categories of commercial, industrial, vacant land and other.

Postponement of rates

In accordance with provisions of the Local Government Act 1999 (the Act), persons who hold a current Seniors Card will be eligible to postpone any amount in excess of \$500 (\$125 per quarter), less any concession entitlement. Interest will accrue on postponed balances as per Section 182A (12) of the Act (i.e. with a premium of 1% over the cash advance debenture rate).

Hardship

Any ratepayer experiencing difficulties in meeting rates payments, or experiencing financial hardship, will be able to access payment plans tailored to meet the particular circumstances. All arrangements are strictly confidential.
