

Hillside Community Voice

The HCV (comprised of local community members) has organised a workshop open to all to hear about Rex Mineral's revised plans for the Hillside Mining Project

HCV Workshop

Thursday 24 September 2015

Ardrossan Community Club

6.30pm -9.30pm

Topic: Outcomes of Extended Feasibility Study and the Revised Mining schedule and plans associated with the Hillside Mining Project

Information and discussion with panel of facilitators: CE Richard Laufmann and Rex Minerals representatives

Also including:

- Update about work of your HCV.
- How your ideas and expertise can shape Hillside plans through the HCV working groups
- HCV role and next steps in the development of the required "Program for Environmental Protection & Rehabilitation" (PEPR)

Note: Department State Development: Minerals Division representatives will be in attendance

Facilitator: Kate Van Schaik

Open invitation for all to attend and share in the workshop for Hillside Community Voice members and interested community members and stakeholders

An opportunity to learn about the changes associated with the Hillside Mine and the next phase of the Project

Time will be allocated to enable community guests to table questions through your HCV members during the session.

Tea and coffee available
