### 1. POLICY OBJECTIVES

This policy provides guidelines for the naming of streets, roads and public places throughout the Yorke Peninsula Council to ensure consistency and clarity.

### 2. SCOPE

This policy applies to all public streets/roads/public places within the Yorke Peninsula Council, with the exception of unmade road reserves.

### 3. DEFINITIONS

Street (for the purposes of this policy)	A public way or thoroughfare in a township, usually with a footpath or footpaths and typically with houses and/or buildings on one or both sides.
Road (for the purposes of this policy)	An area that is open to or used by the public and is developed for, or has as one of its main uses as the driving of motor vehicles
Public Place (for the purposes of this policy)	An indoor or outdoor area owned or occupied by Council which the public are allowed to use, including a square, reserve, lane, footway, court, alley, thoroughfare, public watercourse, and any foreshore.

### 4. POLICY STATEMENT

#### 4.1 Naming and renaming streets/roads/public places

The Yorke Peninsula Council has the authority to assign and change the names of:

- A public street;
- A public road;
- A private road;
- A public place

by resolution of Council.

All sealed public streets/roads and all formed public street/roads within the Yorke Peninsula Council, that are regularly accessed, will be assigned a name. This does not include 'unmade' road reserves.

All formed private streets/roads that are accessible to the public will also be assigned a name. This may include roads within complexes such as forests or parks etc.

Street/road name signs that clearly identify each public road will, as far as practicable, be placed at road intersections. (*While the Australian Standard stipulates that road*

*name signs should be placed at every intersection, this is not practicable in rural areas).*

The Department of Planning, Transport and Infrastructure (DPTI) is responsible for naming State roads.

A street/road/public place naming process is initiated when:

- Council opens or forms a street/road/public place;
- Council receives an application for a land division;
- A request is received by the Yorke Peninsula Council from an affected land owner or their representative;
- Council determine it is in the public interest to investigate a change in street/road/public place name.

Council will maintain a register of public streets/roads/places and ensure an up to date hard copy is available for public inspection at all times.

#### 4.2 Public street/road/place created by land division

Council *must* assign a name to each public street/road created by land division.

The Director Development Services will submit a list of compliant names for each public street/road created by the land division to Council for consideration.

A developer may submit a list of preferred names for the public street/road/place created by the relevant land division.

The Director Development Services is responsible for ensuring that preferred names comply with this policy.

If the names do not comply with this policy, the developer will be notified by Council staff and asked to submit a revised list that is in accordance with this policy.

#### 4.3 Name selection

A street/road/public place will have only one name and each name will be unique within an official suburb or rural locality.

Similar sounding names (e.g. Paice, Payce or Pace Roads) within a township will be avoided where possible.

Duplication of names in the Council district will also be avoided.

Wherever practicable, street/road names will be continuous from the logical start of the street/road to the logical end of the street/road, irrespective of Council boundaries, landforms and intersecting street/roads.

#### 4.4 Name sources

Sources may include:

- Aboriginal names taken from the local Aboriginal language;
- Early explorers, pioneers, and settlers;
- Prominent persons;
- Local history;
- Theme names such as flora, fauna, ships etc;
- War/casualty lists;
- Commemorative names.

Names will be appropriate to the physical, historical or cultural character of the area concerned.

The local Aboriginal Narungga community will be consulted and approval sought when choosing Aboriginal names or using words from relevant Aboriginal languages.

Names of living persons will be avoided.

Names will not be used if they are:

- Offensive or likely to give offence;
- Incompatible / out of place;
- Inappropriate;
- Commercial or company.

Consideration will be given to the level of difficulty in reading, spelling and pronouncing names.

Unduly long names and names composed of two or more words will be avoided wherever possible.

Exceptions include:

- A given name included with a family name where it is essential to identify an individual;
- Streets/roads/public places requiring a two word name because of their geographic relationship e.g. Proof Range Road.

#### 4.5 Spelling and form

Where the spelling of names has been changed by long established local usage, unless there is a particular request by the local community to retain the original name, the spelling that is sanctioned by general usage will be considered for adoption.

Street/road/public place names must not contain abbreviations e.g. the “Creek” in “Wallaby Creek Road”. There are two exceptions to this rule, “St” will be used in place of “Saint” and “Mt” will be used in place of “Mount”.

The apostrophe mark (') will be omitted in the possessive case e.g. “Smith’s Road” will be “Smiths Road”.

Hyphens will not be used except when naming a street/road/public place after a person with a hyphenated name.

#### 4.6 Suffix

The suffix will be compatible with the class and type of street/road/public place and will reflect the form of the street/road/public place. In the case of a cul-de-sac, place, close or court will be used.

The table below provides a list of suitable street/road type suffixes from Australian Standards AS 1742.5 - 1986 and AS 4212 – 1994. (An expanded road type list and acceptable abbreviations can be sourced from AS 4590:2006). Only street/road types listed in the standards will be used.

No additional prefix/suffix such as “north” or “extension” will be used in naming new streets/roads.

Requests for a change to a street/road name must be accompanied by written expressions of support from at least 80% of the property owners on the street/road and the relevant progress association.

Requests for a change to a public place name must be accompanied by written expression of support from the relevant progress association.

If the proposed name does not comply with this policy, the Director Corporate and Community Services will notify the applicant and request a revised name in accordance with this policy.

The Director Corporate and Community Services is responsible for submitting the request to Council for consideration.

The cost of any changes made will be borne by the applicant.

**4.8 Consultation with adjoining Councils**

If Council resolve to change the name of a public street/road/public place that runs into the area of an adjoining Council, Council will give the adjoining Council at least two month’s notice in writing of the proposed change and consider any representations made by the adjoining Council in response to the notice.

**4.9 Public notice of name assignment of change**

Council will give public notice of the assigning or changing of a street/road/public place name. This will be by publication in the Government Gazette and by notice in a newspaper circulating generally throughout the State, as required under the Local Government Act. Public notice will include the date that the new name takes effect (see 4.11) and notice will also be published in the Yorke Peninsula Country Times newspaper and on Council’s website [www.yorke.sa.gov.au](http://www.yorke.sa.gov.au).

**4.10 Advise relevant parties of name change**

Council will provide written notice of Council’s decision regarding a new street/road/public place name to relevant parties, including:

- Registrar-General;
- Surveyor-General;
- Valuer-General;
- the owner of the road (if a private road);
- SA Police;
- SA Ambulance Service;
- SA Metropolitan Fire Service and/or Country Fire Service.

- SA Metropolitan Fire Service and/or Country Fire Service.

4.11 Date of effect for new names or name changes

The date of effect of the new or changed street/road/public place name will be determined by Council as part of the resolution at the time, in consideration of:

- Potential for confusion relating to maps and street directories becoming out of date;
- The desire of some developers to sell property ‘off the plan’ and the opportunity for new owners to know their future address at an early stage.
