Yorke Peninsula Council

Camping

Council has designated the bush camping locations on the front of this form as locations where camping is permitted. Camping in other locations on local government land or on any road is prohibited. It is also illegal to camp on any foreshore. Any person who camps in a non-authorised area or does not pay the appropriate fee prior to using the designated camping grounds may be issued with a \$100 Expiation Notice.

Pursuant to Council's By laws **camp** includes setting up a camp, or causing a tent, caravan or motor home to remain on the land for the purpose of staying overnight, whether or not any person is in attendance or sleeps on the land;

Upon camping on any of the designated camping reserves for a period of six consecutive weeks, you are unable to camp on any designated camping reserve until a period of a further four consecutive weeks has expired.

Rubbish

Please take all of your rubbish with you or use rubbish bins where provided. Leaving any type of rubbish at your camp site may result in a \$315 Expiation Notice being issued.

Dogs

Dogs are permitted on the camping grounds but must be kept under effective control at all times.

Your dog is considered to be under **Effective Control** if it is on a leash not exceeding 2 metres in length or if it is off leash it must be in the park (includes the foreshore) and you can see your dog at all times (cannot be walking behind you, it must be kept in your vision), your dog is kept in close proximity, you are able to control your dog in any circumstances, your dog does not run up to other people or animals, your dog does not attack, chase, harass or otherwise endanger the health of a person or an animal or bird owned by or in charge of another person (whether or not actual injury is caused).

If your dog is not under effective control you may receive an \$80 on the spot fine for dog wandering at large.

Campfires

Campfires are permitted in designated camping areas, except on days of a Total Fire Ban. The camping locations are all part of the Yorke Peninsula Fire ban district. Check the CFS web site for fire ban updates. www.cfs.sa.gov.au

During the fire danger season a camp fire is only permitted if it is dug 30cm into the ground, is no more than 1m² in size, a suitable water agent is on hand to control the fire and that someone is present at all time for the duration of the fire. **You also need a 4m clearance of all flammable material around and above the fire.** When you leave the area or go to bed, ensure the fire is extinguished. Failure to comply with these conditions may result in you receiving a \$315 Expiation Notice.

It is illegal to take wood from a roadside or reserve for campfire use. Firewood can be brought with campers or purchased from a firewood supplier.
